Regular Called Board Meeting

Consent #19

- 1) Approve the contract with Blue Cross Blue Shield for the District's Self-Funded Insurance Program
 - a. At the meeting where this self-funded insurance program was initially discussed, I was of the understanding that there would be no risk or upfront funds required to begin this program. However, the backup information indicates that over \$5 Million would be allocated to this program. Why?
 - i. The 5 million is the total estimated cost of the self-funded program that the district may incur over the plan year.
 - b. What is the funding source for this proposed allocation?
 - i. The funding source is the district's employer contribution for health insurance and the employee contribution towards their premium.
