RE: Textbook Adoptions

DATE: May 8, 2017

Attached are the recommended curriculum resource and textbook changes for the 2017-2018 school year. These resources either replace much older editions or reflect a first-time purchase for a new course that was proposed and approved. These instructional materials accurately reflect current curriculum. These resources will be available for display for the requisite amount of time.

Please do not hesitate to contact me if you have questions.
