

Tutoring and December SATP2 Retest Update Report

Analysis of the students tutored versus the students not tutored reveals the following information.

Students tutored passed their tests by a much greater margin than the untutored students. Additionally, the tutored students passing the test increased 6 % over the September test. The untutored students actually dropped from 10% passing the 8% passing.

Total Hours Spent Tutoring

Month	Hours
August	286.27
September	167.82
October	230.14
November	284.3
December	22.1
January	83.75
Total	1074.38

Cost of Tutoring

Month	Cost
August	\$6,870.48
September	\$4,027.68
October	\$5,523.36
November	\$6,823.20
December	\$530.40
January	\$2,010.00
Total	\$25,785.12

Tutoring is helping our at-risk students to pass the high stakes tests in order to graduate. We need to continue these tutoring programs and expand them so more students will benefit.
