ACTION

BACKGROUND INFORMATION: The school district would like to request a waiver from TEA. The waiver is for six (6) early release days throughout the school year. This waiver has been requested and approved in the past. These early release days for students allow the staff members to focus on areas of weakness and to plan strategies and interventions. Board approval is needed before applying and submitting to TEA.

RECOMMENDATION: Approval

BOARD ACTION REQUIRED: I move to approve the Application for the Expedited and General State Waiver.
