Subject: Approval to Amend the 2024-2025 School Calendar

The District Leadership Council has worked on the formation of the 2024-2025 School Calendar since last fall. The Board approved the first draft of this calendar at their December 18, 2023 regular meeting. What was amended to this calendar was the permanent addition of School Improvement Days on a Friday in most months of the year and tagging the last day of the year as a School Improvement Day as well. In this way, students can be dismissed during the traditional early dismissal time (1:40 p.m.) based on bankable minutes past 300 that the District uses to educate children earlier in the month. The decision by the District Leadership Council was the result of surveys to both staff and parents that indicated the options presented in the amended calendar as the preference going forward.

It is the Administration's recommendation to approve the amendments to the 2024-2025 School Calendar as presented.

Recommendation: The Board approve the amendments to the 2024-2025 School Calendar, as presented.
