[X] GED Option 2 Program (GEDO #2)

An alternate path to a District diploma is the completion of the high school's GED Option 2 program. This program has strict enrollment requirements and allows a student who is at least seventeen (17) years of age to work towards successful completion of the GED testing program. Once the student completes all of the requirements, the student is awarded a District diploma and is eligible to participate in the subsequent graduation ceremony. Participation in this program is contingent upon DPI approval of the District's program and compliance with the requirements of Wis. Admin Code PI 5.

Graduation Activities and Ceremony

A student may be denied participation in graduation activities for disciplinary reasons and/or for non-payment of fees. The District Administrator and high school principal may establish additional requirements for participation in the graduation activities and may organize said activities to have the appearance and decorum deemed reflective of the District.

Policy Reporting and Review

The principal of the high school shall prepare a report describing the District's policies on high school graduation standards, including a list of courses required under State law and the number of hours in each school term required to earn one (1) credit for those courses. Additionally, any change to the District's policies shall also be reported to the Department of Public Instruction or other appropriate agency after it has been approved by the Board and signed by the Board president, the District Administrator, and the principal.

It shall be the policy of the Board to periodically review and revise this policy specifying the criteria for awarding a diploma.
