Regular Meeting    May 23, 2022

**FOR INFORMATION:**

**Subject:    Superintendent's Report**

DuJardin Student Presentation

Tonight, DuJardin 5<sup>th</sup> Grade students Cara Capua, Rishan Shah, Maya Wozniczka, and Connor Hubberts will be sharing their landforms project with the Board of Education. The Board may ask questions of the students following their presentation.

School Improvement Plan Presentations

The order for the presentations this evening will be:

SIP DuJardin and Erickson

SIP Westfield

During this portion of the meeting, the representatives from these schools will share the results of their goal setting process, identify highlights from their year, and project what the goals for next year may be considered. Upon the completion of their presentations, the Board may ask them any related questions to their plans or results from this year.

Technology Update

Mr. McCall will share the new website in greater detail this evening along with providing an update on the phone system and introducing key elements to a developing technology plan for the District.

Return to Learn

During the meeting, I will brief the Board on the following topics:

- An overview of the data used to monitor the health of the schools and community;
- Other topics related to the District's pandemic response.

I will also be happy to answer any questions you may have that I did not address.
