

Consider approval of media equipment for the New Central Office building.

1. Background:

With the opening of the New Central Office the board room will also be used as professional development training rooms. The district is also adding a complete audio-visual solution to account for in-person and streamed meetings. Included in the recommendation is audio visual for multiple conferences rooms throughout the building that will be used for professional development opportunities and meeting space.

2. Process:

District staff received four quotes and the vendor that provides the district with best overall value is Bluum. Bluum is a member of the Buyboard cooperative, contract number is 739-24.

3. Fiscal Impact:

Total cost to the district will not exceed \$130,000. Budgeted funds from the 2023 Bond will be used for this purchase.

4. Recommendation:

District staff recommends the Board approve the purchase of the audio-visual solution from Bluum.

5. Required:

Board action.
