Re: RECOMMENDATIONS FOR CAFETERIA PRICE INCREASE FOR 2010/11
Date: 05/06/10

I recommend the following cafeteria meal pricing for 2010/11:

Elementary lunch price – no change (presently at \$2.00)
Intermediate lunch price – increase by .25 to \$2.25 (presently at \$2.00)
Middle School lunch price – no change (presently at \$2.50)
Ninth Grade Center lunch price - \$2.50
High School lunch price – increase by .10 to \$2.60 (presently at \$2.50)*

I don't recommend any price increase for breakfast at this time.

There are, of course, many unknown factors that are yet to be determined that will affect profit/loss of Child Nutrition Department this year and in the future: increased food costs, opening of new schools, labor costs, staff benefit costs, student population and participation, etc. We do hope to continue to operate the Child Nutrition Department independent of any financial contribution from the district.

Thank you
Patty Willhite, SNS
Nutrition Director
