---

Dear School Board Members:

For the quarter, we had a 95.8% attendance rate.

We did writing assessments earlier this month. The students were excited to write and are anxiously awaiting the results.

The park rangers presented lesson on birds, their features and their songs. The librarian talked to the students about many different countries and places in the world. The counselor spoke with the kids about emotions and a positive way to express these feelings.

We had a couple of special speakers this month in addition to the librarian, counselor and the park rangers. I invited border patrol agents. They spoke to us about their jobs and showed the students all the gear they use in their job protecting our borders. I also invited a dental hygienist. She shared facts about tooth health and good eating and dental habits with us.

We researched different the different countries of South America. Each group was assigned two countries and shared their findings with the rest of the school in written and oral form.

Friday, November 3rd, we went to Cut Bank and bowled, ate Subway sandwiches, and went to the public library to celebrate our proficiency in last year's testing.
