Caucus Members:

A reader noticed an error in the recently distributed April *Caucus Newsletter*. In the third paragraph of Item #4, page 3, *Legislators Consider MPSEERS Current Operating Expenditures Plan*, the first sentence should have said:

*Under the plan, districts with high MPSEERS payroll compared to their total COE would see cost reductions, while those with low MPSEERS payroll compared to their total COE would see **costs increase**.*

Sorry for any confusion the error may have caused.
