Generous Donors to Applegate School

Applegate School volunteers form part of the outstanding team that serves our students. Some serve as members of PTSG, others as readers for the SMART program or leaders for the Battle of the Books and Book Club. A number of folks help in classrooms, and some serve as members of the School Site Council. Then there are those dozens of volunteers who help with Jog-A-Thon, track and field day, field trips and class parties.

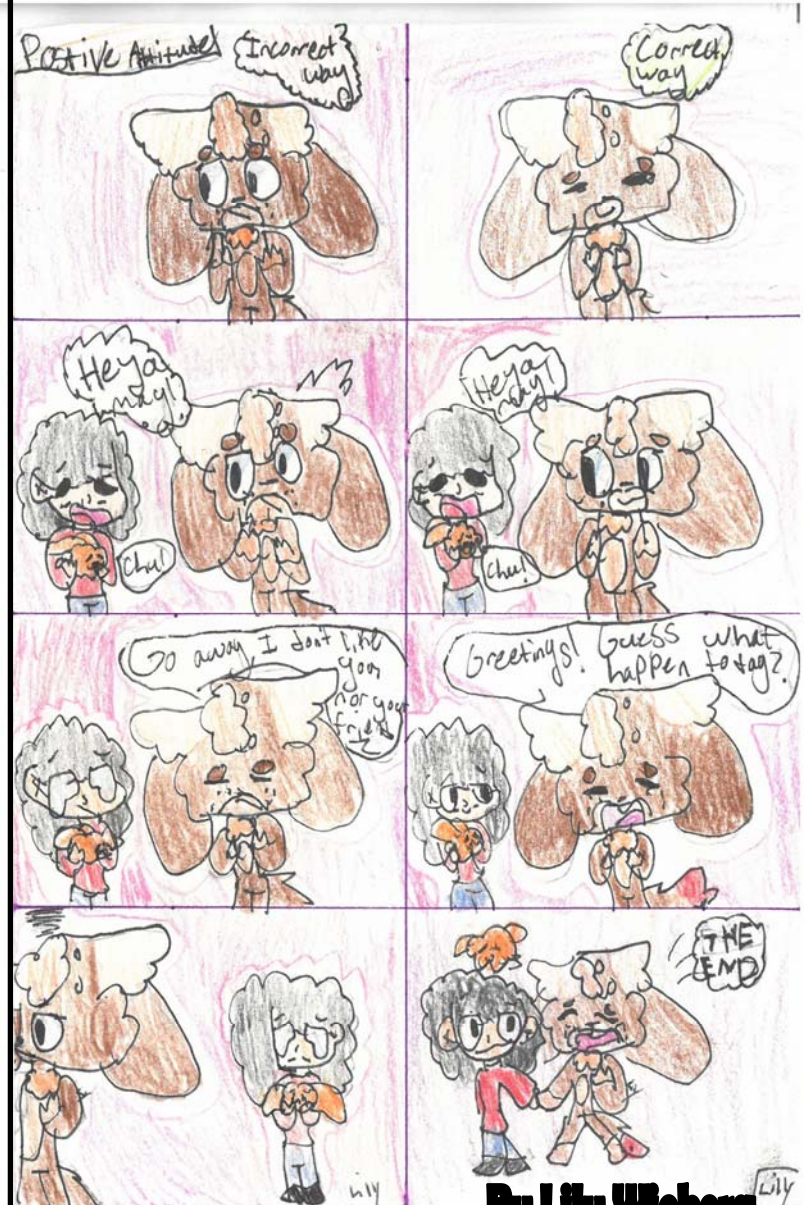

Besides these volunteers who give their time and talent to our school, there is a large group of volunteers who provide financial support for our school programs. John and Carrie DiBiasi have generously donated all the materials and labor for the beautiful greenhouse that stands behind the portable buildings at the rear of the school. Our students will have the experience of growing a wonderful variety of plants because of John

Campbells "Labels for Education" program is ending.

Thank you for your many years of helping support Applegate School through this program.
