

# Terrell Independent School District

## Executive Summary Report

Date	District Objective	
July 22, 2024	Goal 4: Organizational Efficiency: Develop a resource allocation plan and long-term facilities plan that supports and maintains the financial stability of the district, is aligned with identified priorities, addresses future growth and facility improvement needs, and represents being good stewards of taxpayer funds.	

**Agenda Item: Consider approval contract with VLK Architects for bond planning consultation services and for architect services related to bond construction in response to RFQ 2324-012**

**Summary:**

During the June 17, 2024, meeting the Board approved the award of a contract to VLK Architects for Bond Planning and Consulting Services for a May 2025 bond election and authorized the superintendent to negotiate a contract with the company. The administration has successfully negotiated the terms of a contract for bond consulting services, and the terms also include provisions for architectural services related to bond construction. VLK was previously approved by the Board along with a group of companies to provide architectural services. However, the contract terms provide for individual architectural projects to also come before the Board for review and approval as those projects are identified and the costs and scope are determined.

The administration is recommending that the Board approve the contract, including terms for bond planning services and architectural services.

**Attachments:**

Contract between Terrell ISD and VLK Architects

**Administrative Recommendation:**

It is the recommendation of the administration that the Board of Trustees approve the contract

**Budget/Funding**

All Funds
