Independent Auditor's Report

To the Board of Education
Oak Park Elementary School District 97
Oak Park, Illinois

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Oak Park Elementary School District 97 ("District"), as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Oak Park Elementary School District 97, as of June 30, 2013, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information, such as management's discussion and analysis, schedules of funding progress and budgetary comparison information on pages 3-12 and 42-46 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying supplementary information, such as the combining and individual fund financial statements, and other schedules as listed in the table of contents as supplementary information are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and other schedules as listed in the table of contents as supplementary information are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the identify accompanying supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**Management's Discussion
and Analysis (MD&A)**

Oak Park Elementary School District 97

**Management's Discussion and Analysis
For the Year Ended June 30, 2013**

The discussion and analysis of Oak Park Elementary School District 97's ("District") financial performance provides an overall review of the District's financial activities for the year ended June 30, 2013. The management of the District encourages readers to consider the information presented herein in conjunction with the financial statements to enhance their understanding of the District's financial performance. All amounts, unless otherwise indicated, are expressed in thousands of dollars.

Financial Highlights

- The assets of the District exceeded its liabilities at the close of the fiscal year by \$70.0 million. Of this amount, \$29.1 million may be used to meet the District's ongoing obligations to citizens and creditors.
- In total, net position increased by approximately \$5.1 million. This represents an increase of 7.9 percent from 2012.
- General revenues were \$69.0 million or 76.1 percent of all revenues. Program specific revenues, in the form of charges for services and grants, were \$21.6 million or 23.9 percent of total revenues of \$90.6 million.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The basic financial statements are comprised of three components:

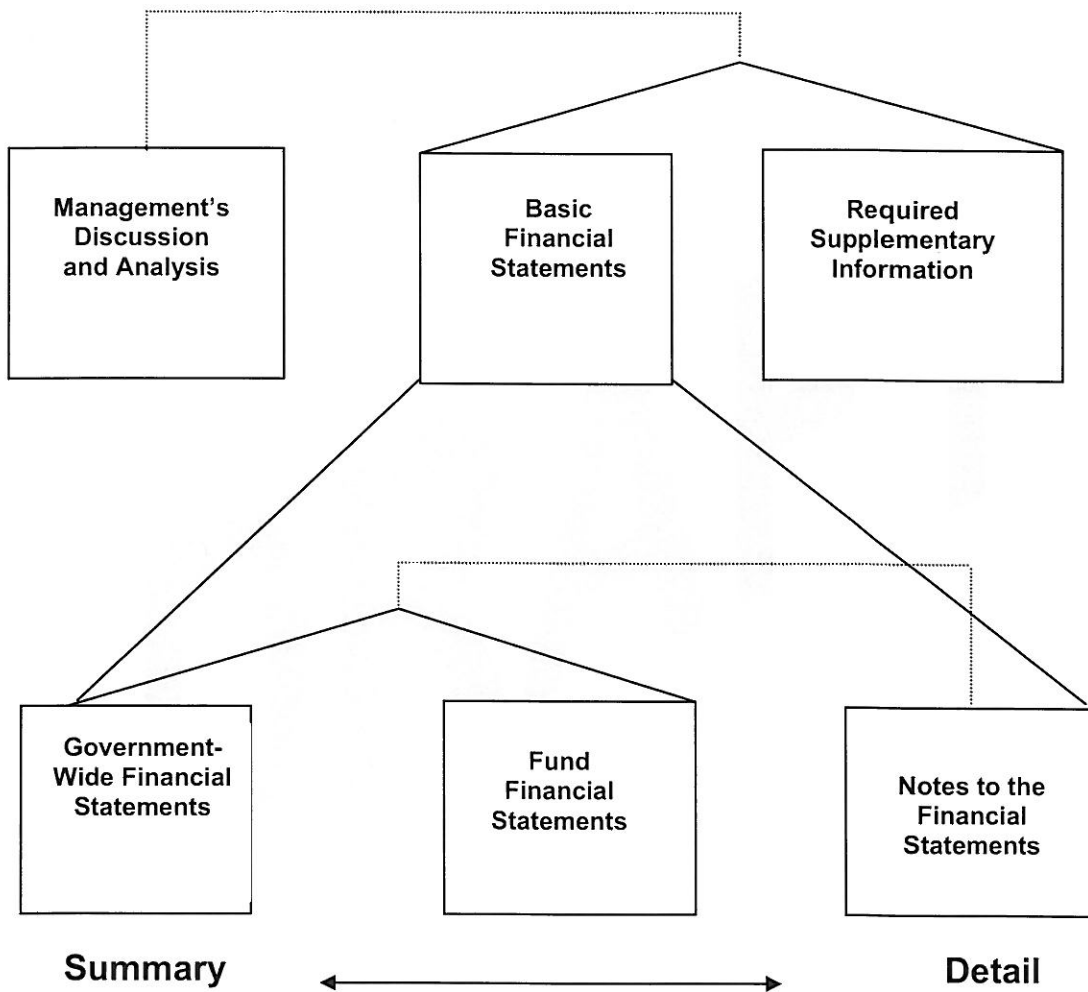

- Government-wide financial statements.
- Fund financial statements.
- Notes to the financial statements.

Figure A-1 shows how the various parts of this annual report are arranged and relate to one another.

Oak Park Elementary School District 97

Management's Discussion and Analysis
For the Year Ended June 30, 2013

*Figure A-1
Organization of Oak Park Elementary School District 97 Annual Financial Report*

This report also contains other supplementary information in addition to the basic financial statements.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances in a manner similar to a private-sector business.

Oak Park Elementary School District 97

**Management's Discussion and Analysis
For the Year Ended June 30, 2013**

The statement of net position presents information on all District assets and liabilities with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the fiscal year being reported. All changes in net position are reported when revenues are earned and expenses are incurred.

The government-wide financial statements present the District functions that are principally supported by taxes and intergovernmental revenues (governmental activities). The District has no business-type activities; that is, functions that are intended to recover all or a significant portion of their costs through user fees and charges. The District's governmental activities include instructional services (regular education, special education and other), supporting services, community services and non-programmed charges.

Fund Financial Statements

A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the District funds can be divided into two categories: governmental funds and fiduciary funds (the District maintains no proprietary funds).

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a school district's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund statement of net position and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains six individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures and changes in fund balances of the General Fund and the Debt Service Fund, both of which are considered to be major funds. Data from the other four governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The District adopts an annual budget for each of the funds listed above. A budgetary comparison statement has been provided for each fund to demonstrate compliance with this budget.

Fiduciary funds are used to account for resources held for the benefit of parties outside the District. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the District's own programs.

Oak Park Elementary School District 97

**Management's Discussion and Analysis
For the Year Ended June 30, 2013**

Notes to the financial statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's progress in funding its obligation to provide pension benefits to its non-certified employees.

Government-Wide Financial Analysis

Net position. The District's net position increased by 7.9 percent compared to the prior year. At year-end, total net assets were \$70.0 million (see Table 1).

The District's financial position is the product of many factors. However, several events of the last year stand out:

- Current assets increased approximately \$3.1 million due largely to an increase in cash and investments.
- Current liabilities increased approximately \$0.9 million due largely to an increase in deferred revenue.
- The District paid down approximately \$5.4 million and issued approximately \$3.6 million in general obligation debt in the current year.

Table 2		
Changes in Net Position		
<i>(in millions of dollars)</i>		
	<u>2013</u>	<u>2012</u>
Revenues:		
Program Revenues:		
Charges for services	\$1.5	\$1.4
Operating grants & contributions	20.1	18.8
General Revenues:		
Taxes	58.7	60.8
General state aid	8.7	9.1
Other	<u>1.6</u>	<u>3.3</u>
Total revenues	<u>90.6</u>	<u>93.4</u>
Expenses:		
Instruction	54.1	52.1
Support Services	29.0	27.0
Community Services	0.1	0.1
Non-programmed Charges	0.1	0.2
Other	<u>2.2</u>	<u>2.7</u>
Total expenses	<u>85.5</u>	<u>82.1</u>
Change in net position	5.1	11.3
Net Position – Beginning	<u>64.9</u>	<u>53.6</u>
Net Position – Ending	<u>\$70.0</u>	<u>\$64.9</u>

Changes in net position. The District's total revenues were \$90.6 million. Taxes and general state aid were 74.4 percent of the total or \$67.4 million. Real estate taxes decreased by 3.5 percent from the prior year for a total decrease of \$2.1 million. This decrease is the result of rebates from TIF districts of approximately \$1.9 million received in the prior year but not the current year.

State and federal aid for specific programs brought in an additional \$20.1 million of the total revenues, which is an increase over the prior year, due to an increased amount of State aid received.

The remaining \$3.1 million came from fees charged for services and other miscellaneous sources.

The total cost of all programs and services was \$85.5 million. The District's expenses are predominantly related to instruction and support services (caring for and transportation of students, etc.). These expenses accounted for 97.2 percent of the total (see Figure 3). The District's other activities were 2.8 percent of total costs. The overall increase in expenditures from the prior year is due to increased costs for salaries and related costs.

Total revenues exceeded expenses, resulting in a change in net position of 7.9 percent over the prior year net position ending balance.

Management's Discussion and Analysis
For the Year Ended June 30, 2013

Financial Analysis of the District's Funds

As the District completed the year, its governmental funds reported combined fund balances of \$42.8 million. Revenues for the District's governmental activities were \$91.7 million, while total expenditures were \$91.9 million.

The General Fund experienced a current year surplus of \$2.6 million. This surplus resulted in a year-end fund balance of \$32.0 million.

The Debt Service Fund increased its fund balance by \$0.1 million. The entire year-end fund balance of \$4.3 million is restricted for principal and interest payments on outstanding debt.

The Other Governmental Funds fund balances increased by \$0.9 million over the prior year. This increase can be mainly attributed to the District's issuance of debt during the year.

General Fund Budgetary Highlights

While the District's final budget for the General Fund anticipated that revenues would exceed expenditures by \$0.3 million before other financing sources, the actual result for the year was a \$3.1 million surplus.

Oak Park Elementary School District 97

Management's Discussion and Analysis
 For the Year Ended June 30, 2013

Capital Asset and Debt Administration

Capital Assets

By the end of 2013, the District had invested \$103.4 million (before accumulated depreciation of \$42.4 million) in a broad range of capital assets, including buildings (both school and administration facilities) equipment (computer, audio-visual, transportation and maintenance equipment and furniture), and land as shown in Table 3. More detailed information about capital assets can be found in Note 3 to the financial statements.

Depreciation expense for the year was \$2.8 million, and additions to building improvements, equipment and furniture, and construction in process amounted to \$4.6 million.

Table 3				
<i>Capital Assets (net of depreciation)</i>				
<i>(in millions of dollars)</i>				
	2013	2012	Total Percentage Change	
Land	\$ 3.1	\$ 3.1	0.0%	
Construction in process	0.9	-	100.0%	
Depreciable land improvements and buildings	56.2	55.1	2.0%	
Equipment	0.8	1.0	-20.0%	
TOTAL	\$ 61.0	\$ 59.2		

Oak Park Elementary School District 97

Management's Discussion and Analysis
 For the Year Ended June 30, 2013

Long-Term Debt

At year-end, the District had \$28.6 million in general obligation bonds and other long-term obligations outstanding, as shown in Table 4. More detailed information about the District's long-term liabilities is presented in Note 5 to the financial statements.

Table 4			
Outstanding Long-Term Obligations (in millions of dollars)			
	2013	2012	Total Percentage Change
General obligation bonds	\$ 28.6	\$ 30.5	-6.2%
Capital lease obligations	-	0.1	-33.3%
TOTAL	\$ 28.6	\$ 30.6	

- The District continued to pay down its debt, retiring \$5.4 million of outstanding bonds.
- The District issued approximately \$3.6 million in new bonds.
- The state limits the amount of general obligation debt the District can issue to 6.9 percent of the assessed value of all taxable property within the District's limits. Outstanding debt is significantly below the current limit of \$101.4 million.

Oak Park Elementary School District 97

**Management's Discussion and Analysis
For the Year Ended June 30, 2013**

Factors Bearing on the District's Future

At the time these financial statements were prepared and audited, the District was aware of the following existing circumstances that could significantly affect its financial health in the future.

- The Illinois General Assembly has imposed property tax legislation on school districts to give property taxpayers some relief by delaying tax increases each year. The legislation limits the levy increase to the lesser of the consumer price index (CPI) or five percent and mandates the use of prior year equalized assessed valuation (EAV) amounts to generate property tax receipts. This "tax cap" continues to limit the District's tax collection ability.
- The current national and state budgetary concerns continue to affect the District's funding levels and timing of receipts.
- The successful passage of the April 2011 limiting-rate referendum also affects the future financial health of the District.

Requests for Information

This financial report is designed to provide the District's citizens, taxpayers, and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report, or need additional financial information, contact the Assistant Superintendent for Finance and Operations, Oak Park Elementary School District 97, 970 West Madison Street, Oak Park, Illinois 60632.

**Reconciliation of the Governmental Funds
Balance Sheet to the Statement of Net Position
June 30, 2013**

Total fund balances - governmental funds	\$ 42,848,665
Amounts reported for governmental activities in the statement of net position are different because:	
Capital assets used in governmental activities are not current financial resources and, therefore, are not reported in the funds.	61,034,383
Interest receivable is recognized in the government-wide financial statements but not in the fund financial statements because it is not available.	18,494
Certain grant revenue is deferred in the fund financial statements because it is not available but is recognized as revenue in the government-wide financial statements.	
State grants	382,347
Premiums on bonds that are other financing sources in the fund financial statements are liabilities that are amortized over the life of the bonds in the government-wide financial statements.	(269,853)
Bond issuance costs that are an expenditure in the fund financial statements are an asset that is amortized over the life of the bonds in the government-wide financial statements.	103,829
Some liabilities reported in the statement of net position do not require the use of current financial resources and, therefore, are not reported as liabilities in governmental funds.	
These liabilities consist of:	
Accrued interest	(149,888)
Health insurance claims incurred but not reported	(294,003)
Net pension obligation	(475,610)

**Reconciliation of the Governmental Funds
Statement of Revenues, Expenditures and Changes in Fund Balances
to the Statement of Activities
Year Ended June 30, 2013**

Net change in fund balances—total governmental funds		\$ 3,543,032
<p>Amounts reported for governmental activities in the statement of activities are different because:</p>		
<p>Revenues that are deferred in the fund financial statements because they are not available but are recognized as revenue in the government-wide statement of activities:</p>		
State grants		(1,099,674)
Interest		(1,094)
<p>Governmental funds report capital outlays as expenditures paid while governmental activities report depreciation expense to allocate those expenditures over the lives of the assets. This is the amount by which depreciation exceeded capital outlays in the current period.</p>		
Capital outlays	\$ 4,646,343	
Depreciation expense	<u>(2,809,038)</u>	1,837,305
<p>In governmental funds, long-term debt issued is considered an other financing source but in the statement of net position, long-term debt is reported as a liability.</p>		
General obligation bonds issued		(3,600,000)
<p>Premiums on bonds are recorded as other financing sources in the fund financial statements, but the premium is recorded as a liability in the statement of net position and is amortized over the life of the bonds.</p>		
Premium on bonds issued		(149,427)
Amortization of bond premium		154,963
<p>Bond issuance costs are recorded as an expenditure in the fund financial statements, but the cost is recorded as an asset in the statement of position and is amortized over the life of the bonds.</p>		
Bond issuance costs		67,843
Amortization of bond issuance costs		(56,707)
<p>Repayment of principal on long-term debt is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.</p>		
General obligation bonds		5,430,000
Capital leases		75,903
<p>Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. These activities consist of:</p>		
Decrease in health insurance claims incurred but not reported	47,287	
Decrease in accrued interest	18,300	
(Increase) in net pension obligation	(58,822)	
(Increase) in postemployment benefits	(1,077,146)	
Decrease in compensated absences	28,448	
Loss on retirement of capital assets	<u>(35,847)</u>	<u>(1,077,780)</u>
Change in net position of governmental activities		<u>\$ 5,124,364</u>

Oak Park Elementary School District 97

Notes to Basic Financial Statements

Note 1. Nature of Operations, Financial Reporting Entity, Basis of Presentation, Measurement Focus and Basis of Accounting, and Significant Accounting Policies

Nature of Operations

Oak Park Elementary School District 97 ("District") operates as a public school system under the direction of its Board of Education. The District is organized under The School Code of the State of Illinois ("School Code"), as amended. The District also operates a school lunch and breakfast program and provides student transportation services.

The accounting policies of the District conform to accounting principles generally accepted in the United States of America as applicable to governments. The Governmental Accounting Standards Board ("GASB") is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the more significant accounting policies:

Financial Reporting Entity

As defined by generally accepted accounting principles established by the GASB, the financial reporting entity consists of the primary government, as well as component units, which are legally separate organizations for which elected officials of the primary government are financially accountable. Financial accountability is defined as:

- Appointment of a voting majority of the component unit's board, and either (a) the ability to impose will by the primary government, or (b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government; or
- Fiscal dependency on the primary government.

Based upon the application criteria, no component units have been included within the reporting entity.

Basis of Presentation

Government-Wide Financial Statements: The government-wide Statement of Net Position and Statement of Activities report the overall financial activity of the District. Eliminations have been made to minimize the double counting of internal activities of the District. The financial activities of the District consist of governmental activities, which are primarily supported by taxes and intergovernmental revenues.

Notes to Basic Financial Statements

Note 1. Nature of Operations, Financial Reporting Entity, Basis of Presentation, Measurement Focus and Basis of Accounting, and Significant Accounting Policies (continued)

Basis of Presentation (continued)

The Statement of Activities demonstrates the degree to which the direct expenses of a given function (i.e., instruction, support services, etc.) are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include (a) charges paid by the recipients of goods or services offered by the programs (including fines and fees), and (b) grants and contributions that are restricted to meeting the operational requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fiduciary funds are excluded from the government-wide financial statements.

Fund Financial Statements: Separate financial statements are provided for governmental funds and fiduciary (agency) funds, even though the latter are excluded from the government-wide financial statements. The fund financial statements provide information about the District's funds. The District has the following governmental funds - General, Special Revenue, Debt Service, and Capital Projects. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column.

The District administers the following major governmental funds:

General Fund – This is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Debt Service Fund – This fund accounts for the accumulation of resources for, and the payment of, long-term debt principal, interest and related costs.

All remaining governmental funds are aggregated and reported as nonmajor governmental funds.

Additionally, the District administers an agency fund that is used to account for assets held by the District in an agency capacity. These funds are held on behalf of the students of the District.

Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe "how" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flow takes place. Nonexchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange, include various taxes, state-shared revenues and various state, federal and local grants. On an accrual basis, revenues from taxes are recognized when the District has a legal claim to the resources and for property taxes in the year for which they are levied (i.e., intended to finance). Grants, entitlements, state-shared revenues and similar items are recognized in the fiscal year in which all eligibility requirements imposed by the provider have been met.

Notes to Basic Financial Statements

Note 1. Nature of Operations, Financial Reporting Entity, Basis of Presentation, Measurement Focus and Basis of Accounting, and Significant Accounting Policies (continued)

Measurement Focus and Basis of Accounting (continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. Significant revenue sources which are susceptible to accrual include property taxes, other taxes, grants, and interest. All other revenue sources are considered to be measurable and available only when cash is received. Expenditures generally are recorded when the liability is incurred, as under accrual accounting. However, in the governmental fund financial statements, compensated absences are recorded only when payment is due (upon employee retirement or termination). General capital asset acquisitions are reported as expenditures in governmental funds.

Effective July 1, 2012, the District retrospectively adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*. This guidance codified all FASB and AICPA accounting literature issued on or before November 30, 1989 which did not conflict with or contradict GASB guidance, directly into the GASB's authoritative literature. There were no significant effects on the financial statements as a result of the adoption of this standard.

Significant Accounting Policies

Property taxes

Property taxes are levied each year on all taxable real property in the District on or before the last Tuesday in December. The 2012 tax levy was passed by the Board of Education in December 2012, and attached as an enforceable lien on the property as of the preceding January 1. These taxes become due and collectible in March and August 2013 and are collected by the county collector who in turn remits to the District its respective share. The District receives these remittances within one month of the collection dates. For all funds, the District recognizes property tax revenue in the year for which they are levied (i.e. intended to finance) provided they are collected within 60 days after year-end with the remaining portion of the levy to be recognized in the following fiscal year. Property taxes not collected within 60 days after year-end or collected prior to the year they are intended to finance are reflected as deferred (unearned) revenue in the current year. This methodology conforms to the measurable and available criteria for revenue recognition. A reduction for collection losses, based on historical collection experience, has been provided to reduce the taxes receivable to the estimated amounts to be collected. At June 30, 2013, the allowance for uncollectible amounts was approximately 3 percent of the total levy, or \$1,770,832.

The Property Tax Extension Limitation Law imposes mandatory property tax limitations on the ability of taxing districts in Illinois to raise revenues through unlimited property tax increases. The increase in property tax extensions is limited to the lesser of five percent or the percentage increase in the Consumer Price Index for all Urban Consumers. The limitation includes taxes levied for purposes without a statutory maximum rate. The amount of the limitation may be adjusted for new property added or annexed to the tax base or due to voter approved increases.

Notes to Basic Financial Statements

Note 1. Nature of Operations, Financial Reporting Entity, Basis of Presentation, Measurement Focus and Basis of Accounting, and Significant Accounting Policies (continued)

Significant Accounting Policies (continued)

Cash and Investments

Cash resources from all governmental funds are combined to form a pool of cash and temporary investments. Interest income earned is allocated based on each fund's proportionate share of the total funds invested. State law requires that all deposits of the Student Activity Fund be kept separate and apart from all other funds of the District. The District's investments are reported at fair values.

Interfund Receivables, Payables, and Activity

Loans – amounts provided with a requirement for repayment. Interfund loans are reported as due from other funds in lender funds and due to other funds in borrower funds for short-term borrowings and advances to other funds in lender funds and advances from other funds in borrower funds for long-term borrowings. Amounts are eliminated in the government-wide statement of net assets.

Reimbursements – repayments from the funds responsible for particular expenditures or expenses to the funds that initially paid for them. Reimbursements are reported as expenditures in the reimbursing fund and as a reduction of expenditures in the reimbursed fund.

Transfers – flows of assets (such as cash or goods) without equivalent flows of assets in return and without a requirement for repayment. In governmental funds, transfers are reported as other financing uses in the funds making transfers and as other financing sources in the funds receiving transfers.

Capital Assets

Capital assets which include land, buildings, and other equipment, are reported in the government-wide Statement of Net Position. Capital assets are defined as assets with an initial individual cost of more than \$2,500, and an estimated useful life of greater than one year. Additions or improvements that significantly extend the useful life of an asset, or that significantly increase the capacity of an asset are capitalized in the government-wide financial statements. Expenditures for asset acquisitions and improvements are stated as capital outlay expenditures in the governmental funds. The District also has various capital leases for copy machines included within the capital assets balance.

These assets have been valued at historical cost if purchased or constructed. Donated assets are recorded at their estimated fair market value at the date of donation.

Notes to Basic Financial Statements

Note 1. Nature of Operations, Financial Reporting Entity, Basis of Presentation, Measurement Focus and Basis of Accounting, and Significant Accounting Policies (continued)

Significant Accounting Policies (continued)

Capital Assets (continued)

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the assets' lives are not capitalized.

Depreciation of capital assets is recorded in the Statement of Activities with accumulated depreciation reflected in the Statement of Net Position and is provided on the straight-line basis over the following estimated useful lives:

Land improvements	15 - 20 years
Buildings	20 - 75 years
Other equipment	5 - 25 years

Deferred and Unearned Revenue

In the government-wide Statement of Net Position, the District reports unearned revenue in connection with resources that have been billed or received, but not yet earned. Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period and for revenue that is unearned.

Compensated Absences

Under terms of employment, employees are granted sick leave and vacations in varying amounts. Only benefits considered to be vested are disclosed in these statements.

All vested vacation and sick leave pay is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements, or are payable with expendable financial resources. These amounts are recorded in the fund from which the employees who have accumulated vacation leave are paid from.

Payments for vacation and sick leave will be made at rates in effect when the benefits are used. Accumulated vacation and sick leave liabilities at June 30, 2013 are determined on the basis of current salary rates and include salary-related payments.

Employees who work a twelve-month year are entitled to be compensated for vacation time. Vacations are usually taken within the fiscal year, but are allowed to be carried over for a period of six months after year-end. The entire compensated balances liability is reported on the government-wide financial statements.

All certified employees receive a specified number of sick days per year depending on the years of service, in accordance with the agreement between the Board of Education and the Education Association. Unused sick leave days accumulate to a maximum of 240 days. When an employee with 10 or more years of service resigns from the District, he/she will be reimbursed for any remaining unused sick days at a rate of \$15 per day. Upon notifying the District of retirement, a certified employee will gain an additional 220 sick days in their final year of employment which will not be paid out, but may be applied toward service credit for TRS.

The General Fund is typically used to liquidate these liabilities.

Notes to Basic Financial Statements

Note 1. Nature of Operations, Financial Reporting Entity, Basis of Presentation, Measurement Focus and Basis of Accounting, and Significant Accounting Policies (continued)

Significant Accounting Policies (continued)

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations, including compensated absences and postemployment benefits, are reported as liabilities in the Statement of Net Position. Items such as premiums, discounts, bond issuance costs and gains or losses on bond sales are capitalized and amortized over the life of the related debt.

In the fund financial statements, the face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Net Position

Effective July 1, 2012, the District retrospectively adopted the provisions of GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. Since the District has no deferred inflows or outflows of resources as defined by this standard, this guidance impacted the financial statements only by requiring minor terminology changes, the principal of which was changing the term "net assets" to "net position".

The District's government-wide net position is reported in three categories:

Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds and other debt that are attributable to the acquisition, construction, or improvement of those assets.

Restricted net position results when constraints placed on net position use are either externally imposed by creditors, grantors, contributors, and the like, or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position consists of net position that do not meet the criteria of the two preceding categories.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

Fund Balances

Within the governmental fund types, the District's fund balances are reported in one of the following classifications:

Nonspendable – includes amounts that cannot be spent because they are either: a) not in spendable form; or b) legally or contractually required to be maintained intact. At June 30, 2013, the District had nonspendable fund balance amounts totaling \$318,367.

Oak Park Elementary School District 97

Notes to Basic Financial Statements

Note 1. Nature of Operations, Financial Reporting Entity, Basis of Presentation, Measurement Focus and Basis of Accounting, and Significant Accounting Policies (continued)

Significant Accounting Policies (continued)

Restricted – includes amounts that are restricted to specific purposes, that is, when constraints placed on the use of resources are either: a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

Committed – includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the District's highest level of decision-making authority. Committed amounts cannot be used for any other purpose unless the District removes or changes the specified use by taking the same type of action it employed to previously commit those amounts. The District's highest level of decision-making authority rests with the District's Board of Education. The District passes formal resolutions to commit their fund balances. At June 30, 2013, the District has no committed fund balance amounts.

Assigned – includes amounts that are constrained by the District's *intent* to be used for specific purposes, but that are neither restricted nor committed. Intent is expressed by: a) the District's Board of Education itself; or b) a body or official to which the Board of Education has delegated the authority to assign amounts to be used for specific purposes. The District's Board of Education has not delegated authority to any other body or official to assign amounts for a specific purpose within the General Fund. Within the other governmental fund types (special revenue, debt service, capital projects) resources are assigned in accordance with the established fund purpose and approved budget/appropriation. Residual fund balances in these fund types that are not restricted or committed are reported as assigned. At June 30, 2013, the District has no assigned fund balance amounts.

Unassigned – includes the residual fund balance that has not been restricted, committed, or assigned within the general fund and deficit fund balances of other governmental funds.

It is the District's policy to consider restricted resources to have been spent first when an expenditure is incurred for which both restricted and unrestricted (i.e. committed, assigned or unassigned) fund balances are available, followed by committed and then assigned fund balances. Unassigned amounts are used only after the other resources have been used.

Under the School Code, the District is authorized to incur indebtedness and issue bonds and to levy a tax annually on all taxable property of the District in order to enable the District to have in its treasury at all time sufficient money to meet demands thereon. These funds may be lent to other District governmental funds in need, but may not only be expended for other purposes upon the passage of a resolution by the Board of Education to abolish or abate the fund. At June 30, 2013, the District had fund balances of \$6,077,939 that have been restricted pursuant to the School Code as working cash stabilization funds.

Eliminations and Reclassifications

In the process of aggregating data for the government-wide Statement of Activities, some amounts reported as interfund activity and interfund balances in the funds are eliminated or reclassified.

Oak Park Elementary School District 97

Notes to Basic Financial Statements

Note 1. Nature of Operations, Financial Reporting Entity, Basis of Presentation, Measurement Focus and Basis of Accounting, and Significant Accounting Policies (continued)

Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amount of revenues and expenditures during the period. Actual results could differ from these estimates.

Note 2. Cash and Investments

Deposits

State statutes authorize the District to make deposits directly to interest bearing depository accounts in federally insured and/or state chartered banks, savings and loan associations and credit unions. As of June 30, 2013, the District had deposits with federally insured financial institutions of \$9,574,630 with bank balances totaling \$9,597,014.

Custodial credit risk – deposits. In the case of deposits, this is the risk that in the event of bank failure, the District's deposits may not be returned to it. The District's investment policy limits exposure to deposit custodial credit risk by requiring all deposits in excess of FDIC insurable limits to be secured by collateral in the event of default or failure of the financial institution holding the funds. As of June 30, 2013, the District's entire bank balance was fully insured and/or collateralized.

Investments

As of June 30, 2013, the District had the following investments:

	Fair Value, weighted average maturity less less than 1 year
Illinois School District Liquid Asset Fund Plus - Liquid Class	\$ 8,599,816
Illinois School District Liquid Asset Fund Plus - Max Class	2,889,472
Illinois Metropolitan Investment Fund	<u>21,431,262</u>
	<u>\$ 32,920,550</u>

Oak Park Elementary School District 97

Notes to Basic Financial Statements

Note 2. Cash and Investments (continued)

Interest Rate Risk – The District’s investment policy does not limit its investment portfolio to specific maturities.

Illinois School District Liquid Asset Fund Plus is a not-for-profit pooled investment trust formed pursuant to the Illinois Municipal Code and managed by a Board of Directors elected from the participating members. Illinois School District Liquid Asset Fund Plus is not registered with the SEC as an investment company. Investments in Illinois School District Liquid Asset Fund Plus are valued at Illinois School District Liquid Asset Fund Plus’s share price, which is the price the investment could be sold for.

Illinois Metropolitan Investment Fund is a not-for-profit investment trust formed pursuant to the Illinois Municipal Code. The investment fund is controlled by and for Illinois public funds managers and finance officers to enhance investment opportunity. Investments in Illinois Metropolitan Investment Fund are valued at Illinois Metropolitan Investment Fund’s share price, which is the price the investment could be sold for.

Credit Risk – State statutes authorize the District to invest in direct obligations of, or obligations guaranteed by, the United States Treasury or agencies of the United States and short-term obligations of corporations organized in the United States with assets exceeding \$500,000,000. The District is also authorized to invest in the Illinois School District Liquid Asset Fund Plus and the Illinois Metropolitan Investment Fund (“IMET”). The District restricted its investments to only those investments described above.

As of June 30, 2013, the District’s investments in the Illinois School District Liquid Asset Fund Plus were rated AAAM by Standard & Poor’s, and the District’s investments in IMET were rated Aaa by Moody’s.

Concentration of Credit Risk – The District’s investment policy restricts the amount of investment in any one issuer. None of the District’s investments are exposed to concentration of credit risk.

Custodial Credit Risk – Investments - For an investment, this is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Illinois School District Liquid Asset Fund Plus and IMET investments are not subject to custodial credit risk. The District’s investment policy limits exposure to investment custodial credit risk requiring all investments be secured by private insurance or collateral.

The above deposits of \$9,574,630 and investments of \$32,920,550 that total \$42,495,180 are presented in the basic financial statements as cash and investments as follows:

Statement of Net Position, governmental activities	\$ 41,900,110
Statement of Fiduciary Net Position, agency fund	595,070
	<u>\$ 42,495,180</u>

Oak Park Elementary School District 97

Notes to Basic Financial Statements

Note 3. Capital Assets

Capital asset balances and activity for the year ended June 30, 2013, are as follows:

	Balance July 1, 2012	Additions	Retirements	Balance June 30, 2013
Governmental Activities:				
Capital Assets, not being depreciated:

Oak Park Elementary School District 97

Notes to Basic Financial Statements

Note 3. Capital Assets (continued)

Depreciation expense was charged to governmental activities as follows:

Instruction:	
Regular programs	\$ 1,238,045
Special education	485,571
Other instructional programs	71,381
Support services:	
Pupils	150,297
Instructional staff	95,921
General administration	80,406
School administration	151,134
Business	114,417
Central	121,771
Operations and maintenance	292,141
Community services	4,924
Non-programmed charges	3,030
	\$ 2,809,038

The District also has various capital leases for copy machines. As of June 30, 2013, the cost and related accumulated depreciation for those assets are approximately \$223,000.

Note 4. Lease Commitments

The District leases equipment under noncancelable operating leases. The total expenditures related to such leases was \$638,569 for the year ended June 30, 2013. At June 30, 2013, future minimum lease payments on these leases are as follows:

<u>Year Ending June 30:</u>	
2014	\$ 316,774
2015	316,774
2016	179,936
Total	\$ 813,484

Oak Park Elementary School District 97

Notes to Basic Financial Statements

Note 5. Long-Term Obligations

Long-term obligation balances and activity for the year ended June 30, 2013, as well as obligations due within one year are as follows:

	General Obligation Bonds	Capital Leases	Compensated Absences	Totals
Balance, July 1, 2012	\$ 30,475,000	\$ 84,929	\$ 218,553	\$ 30,778,482
Debt issued	3,600,000	-	-	3,600,000
Retirements	(5,430,000)	(75,903)	(161,622)	(5,667,525)
Additions	-	-	133,174	133,174
Balance, June 30, 2013	<u>\$ 28,645,000</u>	<u>\$ 9,026</u>	<u>\$ 190,105</u>	<u>\$ 28,844,131</u>
Amounts due within one year	<u>\$ 5,740,000</u>	<u>\$ 9,026</u>	<u>\$ 12,700</u>	<u>\$ 5,761,726</u>

In prior years, the District defeased certain general obligation and other bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the District's financial statements. At June 30, 2013, \$5,706,314 of bonds outstanding are considered defeased.

Interest rates on the outstanding bonds and capital leases range from 1.00 percent to 11.54 percent. As of June 30, 2013, the future annual debt service requirements on the outstanding long-term debt excluding employment benefits and compensated absences are as follows:

Year Ending June 30,	General Obligation Bonds		Capital Lease		Total
	Principal	Interest	Principal	Interest	
2014	\$ 5,740,000	\$ 1,906,325	\$ 9,026	\$ 148	\$ 7,655,499
2015	5,930,000	1,577,175	-	-	7,507,175
2016	5,275,000	1,233,375	-	-	6,508,375
2017	3,860,000	873,000	-	-	4,733,000
2018	3,750,000	536,850	-	-	4,286,850
2019	4,090,000	184,050	-	-	4,274,050
	<u>\$ 28,645,000</u>	<u>\$ 6,310,775</u>	<u>\$ 9,026</u>	<u>\$ 148</u>	<u>\$ 34,964,949</u>

The District's estimated legal debt limitation of \$101,441,223 based on 6.9 percent of the estimated 2012 equalized assessed valuation of \$1,470,162,652, less the outstanding general obligation bonds of \$28,645,000, results in a legal debt margin of \$72,796,223.

Oak Park Elementary School District 97

Notes to Basic Financial Statements

Note 6. Risk Management

The District is exposed to various risks related to employee health benefits; workers' compensation claims; theft of, damage to, and destruction of assets; and natural disasters. To protect from such risks, the District participates in the following public entity risk pools: School Employee Loss Fund (SELF) for workers' compensation claims, and Collective Liability Insurance Cooperative (CLIC) for property damage and injury claims. The District pays annual premiums to the pools for insurance coverage. The arrangements with the pools provide that each will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of certain levels established by the pools.

The District is self-insured for medical coverage that is provided to District personnel. A third-party administrator administers claims for a monthly fee per participant. Expenditures are recorded as incurred in the form of direct contributions from the District to the third-party administrator for payment of employee health claims and administration fees. The District's liability will not exceed \$130,000 per employee or \$3,720,187 in the aggregate, as provided by stop-loss provisions incorporated in the plan.

At June 30, 2013, total unpaid claims, including an estimate of claims that have been incurred but not reported to the administrative agent, totaled \$294,003. The estimates are developed based on reports prepared by the administrative agent. The District does not allocate overhead costs or other nonincremental costs to the claims liability.

For the two years ended June 30, 2013 and June 30, 2012, changes in the liability reported in the Government-Wide Financial Statements for unpaid claims are summarized as follows:

	Claims Payable Beginning of Year	Current Year Claims and Changes in Estimates	Claims Payments	Claims Payable End of Year
Fiscal Year 2013	\$ 341,290	\$ 4,456,653	\$ 4,503,940	\$ 294,003
Fiscal Year 2012	\$ 442,056	\$ 4,564,223	\$ 4,664,989	\$ 341,290

Year-end amounts are included in accrued liabilities in the Statement of Net Position.

Note 7. Postemployment Benefits

Plan Description. The District provides postemployment medical and dental healthcare benefits to educational support employees who contribute to the Illinois Municipal Retirement Fund (IMRF). For the special District subsidy, the member must have worked at least 10 years at retirement. Certified employees and Administrators who contribute to the Teachers' Retirement service (TRS) are eligible for post-retirement medical and dental coverage if they have worked at least 10 years prior to retirement.

This is a single-employer plan. The Retiree Health Plan does not issue a publicly available financial report.

Both certified and support staff may elect coverage for medical plans (whether PPO or HMO) or dental plans (PPO or HMO).

Oak Park Elementary School District 97

Notes to Basic Financial Statements

Note 7. Postemployment Benefits (continued)

Funding Policy. The required contribution is based on projected pay-as-you-go financing requirements. The funding policy of the District may be amended by the School Board. For fiscal year 2013, the District contributed \$247,363 to the plan.

Retirees may elect to cover themselves and their spouses or families. For most staff, the District will pay 60 percent of the cost of the HMO employee-only rate. Administrators are subsidized at 89 percent of the HMO employee-only rate. Retirees from the lunchroom are only allowed to retain coverage for themselves. The subsidies are the same for the dental plan.

The subsidy remains for up to 4 years or until age 65, whichever occurs first.

Annual OPEB Cost and Net OPEB Obligation. The District's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the *annual required contribution of the employer (ARC)*, an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years. The District's net OPEB obligation at June 30, 2013 is included as a liability on the Statement of Net Position as "postemployment benefits."

The following table shows the components of the District's annual OPEB cost for the year ended June 30, 2013, the amount actually contributed to the plan, and changes in the District's net OPEB obligation to the plan:

Annual required contribution	\$	1,351,748
Interest on net OPEB obligation		167,914
Adjustment to annual required contribution		(195,153)
Annual OPEB cost		1,324,509
Contributions made		(247,363)
Increase in net OPEB obligation		1,077,146
Net OPEB obligation beginning of year		3,229,891
Net OPEB obligation end of year	\$	4,307,037

The District's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2013 and the two preceding years were as follows:

Fiscal Year Ending	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
June 30, 2013	\$ 1,324,509	19%	\$ 4,307,037
June 30, 2012	1,221,734	33%	3,229,891
June 30, 2011	1,459,876	36%	2,407,411

Oak Park Elementary School District 97

Notes to Basic Financial Statements

Note 7. Postemployment Benefits (continued)

Funded Status and Funding Progress. As of July 1, 2012, the most recent actuarial valuation date, the plan was not funded. The actuarial accrued liability for benefits was \$12,427,398, and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability (UAAL) of \$12,427,398. The covered payroll (annual payroll of active employees covered by the plan) was \$43,287,776 and the ratio of the UAAL to covered payroll was 28 percent.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about the future employment, mortality, and the healthcare cost trend. Amounts determined reporting the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions. Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the July 1, 2012 actuarial valuation (most recent available), the projected unit credit (PUC) method was used. This cost method produces an explicit normal cost and actuarial accrued liability. The normal cost represents the portion of the present value which is allocated to the valuation year by the actuarial cost method. Under PUC, the current year's portion is equal to the present value of benefit (PVB) divided by the total credited service at the anticipated retirement date. The actuarial accrued liability (AAL) represents the present value of past service liability of the employee's total PVB. Under PUC, $AAL = PVB \times \text{ratio of the participant's credited service to the total credited service at the anticipated retirement date}$.

The actuarial assumptions included a 4.5 percent investment rate of return (net of administrative expenses), a general inflation rate of 3.0 percent, annual projected salary increases of 3.0 percent, and an annual healthcare cost trend rate of 6.0 percent initially, reduced by decrements to an ultimate rate of 4.0 percent. The UAAL is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at June 30, 2013 was 30 years.

Note 8. Retirement Fund Commitments

Teachers' Retirement System

The District participates in the Teachers' Retirement System of the State of Illinois ("TRS"). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the City of Chicago.

The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The State of Illinois maintains the primary responsibility for funding the plan, but contributions from participating employers and members are also required. The TRS Board of Trustees is responsible for the system's administration.

Oak Park Elementary School District 97

Notes to Basic Financial Statements

Note 8. Retirement Fund Commitments (continued)

TRS members include all active nonannuitants who are employed by a TRS-covered employer to provide services for which teacher certification is required. The active member contribution rate for the year ended June 30, 2013, was 9.4 percent of creditable earnings. The same contribution rate applies to members whose first contributing service is on or after January 1, 2011, the effective date of the benefit changes contained in Public Act 96-0889. These contributions, which may be paid on behalf of employees by the District, are submitted to TRS by the District. The active member contribution rate was also 9.4 percent for each of the years ended June 30, 2012 and 2011.

The State of Illinois makes contributions directly to TRS on behalf of the District's TRS-covered employees.

◆ **On-behalf contributions to TRS**

The State of Illinois makes employer pension contributions on behalf of the District. For the year ended June 30, 2013, State of Illinois contributions were based on 28.05 percent of creditable earnings not paid from federal funds, and the District recognized revenue and expenditures of \$10,589,588 in pension contributions that the State of Illinois paid directly to TRS. For the years ended June 30, 2012 and June 30, 2011, the State of Illinois contribution rates as percentages of creditable earnings not paid from federal funds were 24.91 percent (\$8,910,557) and 23.10 percent (\$8,270,481), respectively.

The District makes other types of employer contributions directly to TRS.

◆ **2.2 formula contributions**

Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. This rate is specified by statute. Contributions for the year ended June 30, 2013, were \$219,534. Contributions for the years ended June 30, 2012 and June 30, 2011, were \$209,666 and \$210,182, respectively.

◆ **Federal and special trust fund contributions**

When TRS members are paid from federal and special trust funds administered by the District, there is a statutory requirement for the District to pay an employer pension contribution from those funds. Under a policy adopted by the TRS Board of Trustees that was first effective for the fiscal year ended June 30, 2006, employer contributions for employees paid from federal and special trust funds will be the same as the state contribution rate to TRS.

For the year ended June 30, 2013, the employer pension contribution was 28.05 percent of salaries paid from federal and special trust funds. For the years ended June 30, 2012 and 2011, the employer contribution was 24.91 and 23.10 percent of salaries paid from federal and special trust funds, respectively. For the year ended June 30, 2013, salaries totaling \$350,029 were paid from federal and special trust funds that required employer contributions of \$98,183. For the years ended June 30, 2012 and 2011, required District contributions were \$94,232 and \$100,547, respectively.

◆ **Early Retirement Option.**

The District is also required to make one-time employer contributions to TRS for members retiring under the Early Retirement Option (ERO). The payments vary depending on the age and salary of the member.

Oak Park Elementary School District 97

Notes to Basic Financial Statements

Note 8. Retirement Fund Commitments (continued)

The maximum employer contribution is 117.5 percent and applies when the member is age 55 at retirement.

For the year ended June 30, 2013, the District was not required to pay TRS for employer contributions under the ERO program. For the years ended June 30, 2012 and June 30, 2011, the District paid \$0 and \$144,994, in employer ERO contributions, respectively.

◆ **Salary increased over 6 percent and excess sick leave**

If an employer grants salary increases over 6 percent and those salaries are used to calculate a retiree's final average salary, the employer makes a contribution to TRS. The contribution will cover the difference in actuarial cost of the benefit based on actual salary increases and the benefit based on salary increases of up to 6 percent.

For the year ended June 30, 2013, the District paid \$0 to TRS for employer contributions due on salary increases in excess of 6 percent. For the years ended June 30, 2012 and 2011, the District paid \$ 10,407 and \$1,901 to TRS for employer contributions due on salary increase in excess of 6 percent, respectively.

If an employer grants sick leave days in excess of the normal annual allotment and those days are used as TRS service credit, the employer makes a contribution to TRS. The contribution is based on the number of excess sick leave days used as service credit, the highest salary used to calculate final average salary, and the TRS total normal cost rate (17.63 percent of salary during the year ended June 30, 2013).

For the years ended June 30, 2013, 2012, and 2011, the District was required to pay no amounts to TRS for sick leave days granted in excess of the normal annual allotment.

Further Information on TRS

TRS financial information, an explanation of TRS benefits, and descriptions of member, employer and state funding requirements can be found in the TRS *Comprehensive Annual Financial Report* for the year ended June 30, 2012. The report for the year ended June 30, 2013, is expected to be available in late 2013.

The reports may be obtained by writing to the Teachers' Retirement System of the State of Illinois, P.O. Box 19253, 2815 West Washington Street, Springfield, IL 62794-9253. The most current report is also available on the TRS Web site at <http://trs.illinois.gov>

Teachers' Health Insurance Security Fund

The District participates in the Teachers' Health Insurance Security ("THIS") Fund, a cost-sharing, multiple-employer defined benefit postemployment healthcare plan that was established by the Illinois legislature for the benefit of Illinois public school teachers employed outside the City of Chicago. The THIS Fund provides medical, prescription, and behavioral health benefits, but does not provide vision, dental, or life insurance benefits to annuitants of the TRS. Annuitants may participate in the state administered participating provider option plan or choose from several managed care options.

Oak Park Elementary School District 97

Notes to Basic Financial Statements

Note 8. Retirement Fund Commitments (continued)

The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of the THIS Fund and amendments to the plan can be made only by legislative action with the Governor's approval. Effective July 1, 2012, in accordance with Executive Order 12-01, the plan is administered by the Illinois Department of Central Management Services with the cooperation of TRS. Section 6.6 of the State Employees Group Insurance Act of 1971 requires all active contributors to the TRS who are not employees of the State to make a contribution to THIS.

The percentage of employer required contributions in the future will be determined by the director of Healthcare and Family Services and will not exceed 105 percent of the percentage of salary actually required to be paid in the previous fiscal year.

◆ **On behalf contributions to THIS Fund**

The State of Illinois makes employer retiree health insurance contributions on behalf of the District. State contributions are intended to match contributions to THIS Fund from active members which were 0.92 percent of pay during the year ended June 30, 2013. State of Illinois contributions were \$348,227, and the District recognized revenue and expenditures of this amount during the year.

State contributions intended to match active member contributions during the years ended June 30, 2012 and 2011 were 0.88 percent of pay, both years. State contributions on behalf of district employees were \$318,114 and \$318,896, respectively.

◆ **Employer contributions to THIS Fund**

The District also makes contributions to the THIS Fund. The employer THIS Fund contribution was 0.69 percent during the year ended June 30, 2013 and 0.66 percent during the years ended June 30, 2012 and June 30, 2011. For the year ended June 30, 2013, the District paid \$261,170 to the THIS Fund. For the years ended June 30, 2012 and June 30, 2011, the District paid \$238,585 and \$239,172 to the THIS Fund, respectively, which was 100 percent of the required contribution.

The publicly available financial report of the THIS Fund may be found on the website of the Illinois Auditor General: <http://www.auditor.illinois.gov/Audit-Reports/ABC-List.asp>. The 2013 report is listed under "Central Management Services." Prior reports are available under "Healthcare and Family Services."

Illinois Municipal Retirement Fund

Plan Description. The District's defined benefit pension plan for regular employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The District plan is affiliated with the Illinois Municipal Retirement Fund ("IMRF"), an agent multiple-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained on-line at www.imrf.org.

Information related to the employer's contributions and three-year trend information is on a fiscal year basis. The actuarial information and schedule of funding progress are on a calendar year basis as that is the year used by IMRF.

Oak Park Elementary School District 97

Notes to Basic Financial Statements

Note 8. Retirement Fund Commitments (continued)

Funding Policy. As set by statute, the District's regular plan members are required to contribute 4.50 percent of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer contribution rates for calendar years ended December 31, 2013 and 2012 used by the District were 11.31 percent and 10.29 percent, respectively, of annual covered payroll. The District's annual required contribution rates for calendar years ended December 31, 2013 and 2012 were 11.32 percent and 11.60 percent, respectively. The District also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

The required contributions for 2013 and 2012 were determined as part of the December 31, 2011 and 2010, actuarial valuations using the entry age normal actuarial cost method. The actuarial assumptions at December 31, 2011 and 2010, included (a) 7.5 percent investment rate of return (net of administrative and direct investment expenses), (b) projected salary increases of 4.0 percent a year, attributable to inflation, (c) additional projected salary increases ranging from 0.4 percent to 10.0 percent per year depending on age and service, attributable to seniority/merit, and (d) post retirement benefit increases of 3.0 percent annually. The actuarial value of the District's regular plan assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period with a 20 percent corridor between the actuarial and market value of assets. The District's regular plan's unfunded actuarial accrued liability at December 31, 2011 and 2010 is being amortized as a level percentage of projected payroll on an open 30 year basis.

Annual Pension Cost. The following table shows the components of the District's annual pension costs for the fiscal year ended June 30, 2013, the amount actually contributed to the plan, and changes in the District's net pension obligation to the plan:

Annual required contribution	\$	968,889
Interest on net pension obligation		31,259
Adjustment to annual required contribution		(22,344)
Annual pension cost		977,804
Contributions made		(918,982)
Increase in net pension obligation		58,822
Net pension obligation beginning of year		416,788
Net pension obligation end of year	\$	475,610

Three-Year Trend Information for the Regular Plan

Fiscal Year Ending	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation
June 30, 2013	\$ 977,804	94%	\$ 475,610
June 30, 2012	984,624	86%	416,788
June 30, 2011	951,720	82%	276,588

Oak Park Elementary School District 97

Notes to Basic Financial Statements

Note 8. Retirement Fund Commitments (continued)

Funded Status and Funding Progress. As of December 31, 2012, the most recent actuarial valuation date, the Regular plan was 72.65 percent funded. The actuarial accrued liability for benefits was \$16,257,081 and the actuarial value of assets was \$11,810,154, resulting in an underfunded actuarial accrued liability (UAAL) of \$4,446,927. The covered payroll for calendar year 2012 (annual payroll of active employees covered by the plan) was \$8,084,967 and the ratio of UAAL to covered payroll was 55 percent.

The schedule of funding progress, presented as required supplementary following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Note 9. Contingent Liabilities and Commitments

As of June 30, 2013, the District is committed under construction contracts of approximately \$2,200,000.

The District received financial awards from federal and state agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the District. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the District at June 30, 2013.

The District is a defendant in a lawsuit relating to prior years property assessments. Although the outcome of this proceedings is not presently determinable, in the opinion of the District's management through consultation with legal counsel, the resolution of this matter does not impose a material commitment of the District's net assets at June 30, 2013.

Note 10. Other Financial Disclosures (FFS Level Only)

Interfund transfers

Transfers for the year ended June 30, 2013 were as follows:

<u>Governmental Funds</u>	<u>Transfers In</u>	<u>Transfers Out</u>
Major Funds:		
General - Educational Accounts	\$ -	\$ 633,695
General - Working Cash Accounts	-	3,681,584
Debt Service Fund	633,695	-
Nonmajor Fund:		
Capital Projects Fund	3,681,584	-
	<u>\$ 4,315,279</u>	<u>\$ 4,315,279</u>

Interfund transfers are to assist with costs of operations, construction, and debt service purposes.

Budget Overexpenditures

The following funds overexpended their budgets for the year ended June 30, 2013:

Major fund:	
Debt Service Fund	\$ (102,210)

Notes to Basic Financial Statements

Note 11. Pronouncements Issued But Not Yet Adopted

The following is a description of GASB authoritative pronouncements which have been issued but not yet adopted by the District.

GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, will be effective for the District beginning with its year ending June 30, 2014. This Statement establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. This Statement also provides other financial reporting guidance related to the impact of the financial statement elements deferred outflows of resources and deferred inflows of resources, such as changes in the determination of the major fund calculations and limiting the use of the term deferred in financial statement presentations.

GASB Statement No. 66, *Technical Corrections – 2012 – an amendment of GASB Statements No. 10 and No. 62*, will be effective for the District beginning with its year ending June 30, 2014. The objective of this Statement is to improve accounting and financial reporting for a governmental financial reporting entity by resolving conflicting guidance that resulted from the issuance of two pronouncements, Statements No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, and No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*. This Statement amends Statement No. 10, *Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*, by removing the provision that limits fund-based reporting of an entity's risk financing activities to the general fund and the internal service fund type. This Statement also amends Statement 62 by modifying the specific guidance on accounting for (1) operating lease payments that vary from a straight-line basis, (2) the difference between the initial investment (purchase price) and the principal amount of a purchased loan or group of loans, and (3) servicing fees related to mortgage loans that are sold when the stated service fee rate differs significantly from a current (normal) servicing fee rate.

GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, will be effective for the District beginning with its year ending June 30, 2015. This Statement requires governments providing defined benefit pensions to recognize their long-term obligation for pension benefits as a liability for the first time, and to more comprehensively and comparably measure the annual costs of pension benefits. This statement also enhances accountability and transparency through revised and new note disclosures and required supplementary information (RSI).

GASB Statement No. 69, *Government Combinations and Disposals of Government Operations*, is effective for the District beginning with its year ending June 30, 2015. This Statement provides accounting and disclosure guidance relating to government combinations, including a variety of transactions referred to as mergers, acquisitions and transfers of operations. In addition, this statement provides accounting and financial reporting guidance relating to a disposal of a government's operations, resulting in the removal of specific activities of a government.

GASB Statement No. 70, *Accounting and Financial Reporting for Nonexchange Financial Guarantees*, is effective for the District beginning with its year ending June 30, 2014. This Statement requires a state or local government guarantor that offers a nonexchange financial guarantee to another government, organization, or individual to recognize a liability on its financial statements when it is more likely than not that the guarantor will be required to make a payment to the obligation holders under the agreement. In addition to historical data, if any, the government is required to consider qualitative factors when determining if a payment on its guarantee is more likely than not to be required. The statement provides measurement guidance for the liability and requires a government to report the obligation until legally released as an obligor. Certain information about the amounts and nature of nonexchange financial guarantees is required to be disclosed in the financial statements.

Oak Park Elementary School District 97

Notes to Basic Financial Statements

Note 11. Pronouncements Issued Not Yet Adopted (continued)

Management of the District is still in the process of determining what effect, if any, the above Statements will have on the basic financial statements and related disclosures.

Note 12. Litigation

The District is occasionally party to lawsuits and claims arising out of the conduct of its business. The District is of the opinion that its liability, if any, will not have a material effect on its financial statements.

Note 13. Sales-Leaseback Transaction

In April 2007, the District approved a sale-leaseback with the Village of Oak Park. Under the terms of this agreement, the District agreed to sell its Administration Building to the Village for \$2,370,000, to be paid in two installments of \$1,185,000. Title to the building transferred to the Village within 30 days of the second installment, paid in 2008. In return, the District leased the building from the Village for \$1 per year beginning August 1, 2008. The building is included with capital assets on the government wide financial statements. At the conclusion of the lease term on August 1, 2012, the title to the Administration Building reverted back to the District.

Information

Oak Park Elementary School District 97

Schedule of Funding Progress
 Illinois Municipal Retirement Fund

Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) Entry Age (b)	Unfunded (Overfunded) AAL (b-a)	Funded Ratio (a/b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll ((b-a)/c)
12/31/12	11,810,154	16,257,081	\$ 4,446,927	72.65 %	8,084,967	55.00 %
12/31/11	10,490,355	15,553,313	5,062,958	67.45	8,689,398	58.27
12/31/10	10,210,828	15,493,479	5,282,651	65.90	9,040,069	58.44

On a market value basis, the actuarial value of assets as of December 31, 2012 is \$12,365,915. On a market basis, the funded ratio would be 76.06 percent.

The actuarial value of assets and accrued liability cover active and inactive members who have service credit with the District. They do not include amounts for retirees. The actuarial accrued liability for retirees is 100 percent funded.

Oak Park Elementary School District 97

Note to Required Supplementary Information

Note 1. Budgetary Basis of Accounting

Annual budgets are adopted for all governmental fund types except for the Student Activity Fund, an agency fund. The annual budgets are adopted on a basis consistent with the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. All budgets lapse at fiscal year-end.

On or before July 1 of each year, the Superintendent is to submit for review by the Board of Education a proposed budget for the school year commencing on that date. After reviewing the proposed budget, the Board of Education holds public hearings and a final budget must be prepared and adopted no later than September 30.

The appropriated budget is prepared by fund and function. The Board of Education may make transfers between functions within a fund not exceeding in the aggregate 10 percent of the total of each fund, and may amend the total budget following the same procedures required to adopt the original budget. The legal level of budgetary control is at the fund level. In 2013, the debt service fund and capital project fund had budget amendments.

For budgetary purposes, the District does not recognize as revenues received the retirement contributions made by the State to the Teachers' Retirement System of the State of Illinois (TRS) and the Teachers' Health Insurance Security Fund (THIS) on behalf of the District as well as the related expenditures paid.

The following schedule reconciles the revenues and expenditures on the budgetary basis with the amounts presented in accordance with accounting principles generally accepted in the United States of America for the District's General Fund.

	General Fund
Revenues - Budgetary basis	\$ 66,572,613
Unbudgeted retirement contributions from TRS and THIS	10,937,815
Revenues - GAAP basis	\$ 77,510,428
Expenditures - Budgetary basis	\$ 63,429,438
Unbudgeted retirement contributions to TRS and THIS	10,937,815
Expenditures - GAAP basis	\$ 74,367,253
