Child Nutrition Director
RE: Proposed Student Meal Price Increase

I am proposing the following price increase.

<u>Campus</u>	<u>Meal</u>	<u>Current Meal Price</u>	<u>Proposed Meal Price</u>
Brown	Lunch	\$2.50	\$2.50 (no change)
Elementary	Lunch	\$2.50	\$2.75 (+25 cents)
Jr. High	Lunch	\$3.00	\$3.00 (no change)
High School	Lunch	\$3.25	\$3.25 (no change)

These proposed price increases will only affect the Elementary School. This increase is to bring the Elementary in line with the other schools and to cover the additional food cost. The other schools had a \$.25 increase in 2022 but this is the first increase for the Elementary since 2019.

Free student breakfast will continue for the 2024-2025 school year.

Staff prices are set according to the reimbursement rate for student meals and the 2024-2025 rates have not been published at this time.
