Ralph Phillips: Custodian

Kenisha Shangin: Temporary Maintenance and Night Gym

Classroom Highlights

Elementary – Jean Barbour

April 2025

Every student required to take the state test was able to complete their testing. The students have also completed some of their End of Level tests and will complete those this week. Next week all students will be taking the End of Year Literacy tests required by the state of Alaska. The 2 upper-level reading groups have selected a novel to read for the remainder of the year. Although they will be responsible for vocabulary and questions about the novel, the main

goal is to give them experience reading a book for enjoyment. We continue to work on basic reading skills in Kinder and first grade level. Last week we changed up our regular activities to include a "Peep Day" and some Easter activities. The students also took a walk with Ms. Kaylynn and Mr. Lancaster to the tsunami shelter.

Eric Lancaster – Secondary

Last month we got the whole school out for a beach walk and a walk up to the tsunami shelter on a couple different nice days. All secondary science students are wrapping up the engineering standards to complete their courses and all secondary math students have either completed or are in the process of completing their End-of-Level tests.

April Preschool Update

Preschoolers have learned the letter Tt, Uu, Vv, & Ww. Alutiiq language is still thriving within our everyday speaking and "no more in English" Were learning the names of animals and weather in Alutiiq as well as simple commands and questions. We had a few participate in our Easter Craft Event as well they enjoyed making themselves into a Easter Rabbit and well as a few Chicks. Our last day of Preschool is April 25th which is also graduation day. Monday April 21st, I let my class celebrate Easter. They made their own Easter baskets and Easter hats.

Ken Barbour

Snap meet and Prom was a great time for our students. We had all six of our high school students and two of our middle schoolers attend. I have to say I think our students were the best looking at prom. We are working hard to get the students to finish up their standards for their classes. Graduation was a success and well attended with plenty of food for the pot luck.

LSAC Activity

Perryville LSAC met on April 23rd.

Community Engagement

Graduation was April 25th with a pot luck and it was well attended.

Professional Development

All staff attended mandatory meetings.

Pupil % Attendance K-12

85% Attendance for the Month of April

Student and Staff Safety

No Safety Concerns at this time.
