Re: Consider approval of a resolution to grant superintendent hiring authority

BACKGROUND: Due to the COVID-19 pandemic occurring in the midst of hiring season, there may not be an opportunity to convene and meet regarding the hiring of personnel during the period of time where we have emergency school closures. Hiring applicants in a timely manner is essential to maintaining our dedication to excellence for the students we serve here in Coppell ISD.

RECOMMENDATION: Board approval of the resolution as presented allowing the superintendent hiring authority during emergency school closures.
