## **Positive Behavior Interventions and Support**

The RK-12 Rural Schools Research Project Team from Boise State will be doing a site visit on March 7<sup>th</sup> to complete the Schoolwide Evaluation Tool or SET Evaluation for each building. This tool is designed to assess and evaluate the critical features of Schoolwide Positive Behavior Interventions and Support and the level of implementation fidelity. Our schools are looking at this as their benchmark data. The same evaluation will be conducted every year for the duration of the project and will enable us to measure the level of growth in regards to our PBIS implementation each year.

The PBIS District Leadership Team will be attending an advanced coaching institute on March 13, 2019. This will be another excellent professional development opportunity funded through the RK-12 grant.

## **ACCESS 2.0 Testing**

Our annual language proficiency testing will conclude on March 14. We have tested approximately 200 students this year and should have results by mid-May.
