**Staff Recommendation:**

Staff recommends **approval** of the request to rezone 66.86 acres.

**Planning Division Comments:**

This development proposes R-3 (Single-Family Dwelling) development throughout with pockets of commercial at major intersections. The proposed R-3 zone will allow for minimum lot sizes of 5,500 square feet, where the predominant and compatible zone in the area is R-3 with commercial zoning in the area adjacent to Eastlake Blvd. The City's Comprehensive Plan calls for low-, medium-, and high-density single family residential in this area. The rezoning will support the proposed subdivisions coming to the area.

The future land use plan designates this area to provide a variety of housing types, to include single and multi-family residential. Approving this development's land use plan and rezoning request will increase the variety in the type of residential dwellings offered.
