Agendum	Request to Consider Approval of Targeted Improvement Plans for Harby Junior High, Alvin Junior High, and RISE Academy
Category	Operations / Action
Resource Personnel	Dr. Bobby Martinez Executive Director of Secondary School Leadership
Attachments (3)	Targeted Improvement Plans for Harby Junior High, Alvin Junior High, and RISE Academy
Rationale	<p>All Alvin ISD campuses were rated with letter grades for the first time in the 2019 Accountability System. Domain III of the Accountability System incorporates federal standards required by ESSA, Every Student Succeeds Act Plan. Harby Junior High was identified in 2019 as a Comprehensive Identified School due to its low comparative performance on these federal standards. Alvin Junior High and ASSETS were identified as Comprehensive Success Schools in 2019 because both of these campuses greatly improved in student achievement scores used for Domain III after their Comprehensive Identified designation from 2018. All three campuses must create a Targeted Improvement Plan that is required to be Board approved. In the creation of these plans, Harby Junior High, Alvin Junior High and RISE reviewed student performance from previous years, identified the root causes for the low performance, and identified goals for this year and the strategies needed to meet these goals.</p>
District Goal(s)	Academic Performance
Budget Implications	None
Recommendation or Proposed Motion	That the Board approve the Targeted Improvement and Campus Improvement Plans as submitted.
