

Hallsville Independent School District

For the Consideration of the Board of Trustees

Date of Board Meeting: May 19, 2025

Agenda Item #: _____

Topic: Stemscopes Math Materials

Background and Rationale:

The new Instructional Materials Review and Approval (IMRA) process replaces the former SBOE Proclamation and Texas Resource Review (TRR) processes. IMRA was enacted under [HB 1605](#) and brings new components to a single, SBOE-governed review of instructional materials. It outlines how instructional materials will be reviewed, though the SBOE has final authority on approvals, the process, and the criteria used.

- **SBOE-Approved Instructional Materials Entitlement ([TEC, §31.022](#) and [TEC, §48.307](#)):** supports the purchase of high-quality instructional materials (HQIM) approved by the State Board of Education; public school systems are entitled to \$40 per student per year.

In order to meet the requirements of the approved curriculum, we will be updating the current materials with the SBOE Approved Instructional Materials Entitlement funds for all K- 8 math classrooms.
