

Portland Schools Foundation

**Value of Resources Provided in Summer 2010**

In effort to increase youth success in Portland and Multnomah County, Ninth Grade Counts provides targeted resources to strengthen and increase the capacity of local programs that help students make a successful transition into high school.

For purposes of documentation, below is an accounting of the in-kind value of resources allocated to support your program in the summer of 2010.

Partner Organization: <b>Parkrose – Stampede and Jumpstart</b>		
<b>Resource Description</b>	<b>Quantity</b>	<b>Value</b>
AmeriCorps Summer VISTA 10 weeks of full-time program support	2 associates	\$16,680
Career & College Site Visits Weekly career and college site visits for cohorts of 15-20 students, including outreach to businesses and colleges, trip coordination, transportation, and lunches	1 cohort	\$3,360
TriMet Passes Monthly Youth Transit Pass to support students getting to and from summer programming	64 monthly passes	\$3,066
<b>TOTAL VALUE</b>		<b>\$23,107</b>

These resources are available thanks to contributions from many partners including the City of Portland, Multnomah County, Oregon Campus Compact, TriMet, Marylhurst University, and many others. Our intention is to continue partnering with successful summer programs in the coming years, and to sustain and expand the resources as we are able.
