**NEW POLICY - VOL. 27, NO. 2**

**2271.01 - START COLLEGE NOW PROGRAM**

The District will permit resident high school students who have completed the 10<sup>th</sup> grade and who meet eligibility criteria, to take courses at a technical college in the Wisconsin Technical College System for the purpose of earning both high school and postsecondary credit. Students who wish to attend a technical college under this policy must request attendance and, if the student is a minor, must provide written approval from the student's parent. Students must request such attendance from the student's resident School District, if attending the District as a non-resident.

General Eligibility Criteria for Students that Have Completed the 10<sup>th</sup> Grade:

To be eligible to attend courses at a technical college pursuant to this policy, a student:

- A. must be in good academic standing;
- B. must provide written notification to the Board of the School District in which the student resides of his/her intent to attend a technical college under this subsection by March 1st if the student intends to enroll in the fall semester, and by October 1st if the student intends to enroll in the spring semester;
- C. must not be identified as a child-at-risk, pursuant to Policy 5461;
- D. must not be ineligible for participation for having failed a previous class under either this program or the Early College Credit Program (Policy 2271) and failed to reimburse the Board for any required costs; and
- E. must be admitted to the technical college for attendance.

Undue Financial Hardship

The Board may prohibit a student's attendance if the student is a child with a disability and the Board determines that the cost to the School District of any required additional special services for participation in this program would impose an undue financial burden on the District.

Tuition Payments for Technical College Attendance

The District shall pay to the technical college the cost of a student's tuition for attendance, including any additional costs associated with a student's special services, if applicable, if attendance is permitted, except as follows:

- A. For any course that the Board determines does not meet high school graduation requirements or the Board determines the District provides a comparable course. The student may appeal an adverse decision to the Department of Public Instruction. The Board shall notify the student no less than thirty (30) days prior to the start date of the proposed course if it finds that the course either does not meet high school graduation requirements or is comparable to a course offered in the District.
- B. ↔ The student has already completed eighteen (18) postsecondary semester credits.

Transportation Expenses

The District is not responsible for transporting a student attending a technical college under this policy to or from the technical college that the student is attending.
