Re: ECC Technology Bid

I would like an opportunity to share with the Board of Education information on Early Childhood Center Technology bid at the next Committee of the Whole Meeting on November 13, 2023.

Bids for the ECC's network cabling, classroom audio & visual equipment, video signage displays, projection and audio system for the Gross Motor Room, and a building digital paging system were due and opened on October 19, 2023. The Bond Team has reviewed the information and interviewed bidders. The recommended bidder, VSC, Inc, is detailed in the accompanying letters from the District's Administrator of Information Technology, Tim Klan, the owner's representative, Plante Moran Realpoint, and the technology consultant, IDS.

The total project bid amount is \$454,216.00. Additionally, we recommend approving Alternate 1 in the amount of \$6,500, for a total accepted amount of \$460,716. Additionally, we will be recommending a contingency of \$25,000.00 for a project total of \$485,716.00.

Please add this request to the agenda of the Monday, November 13, 2023.
