Additional Evaluations

Apply Safeguards to Specific Performance Indexes, as needed:

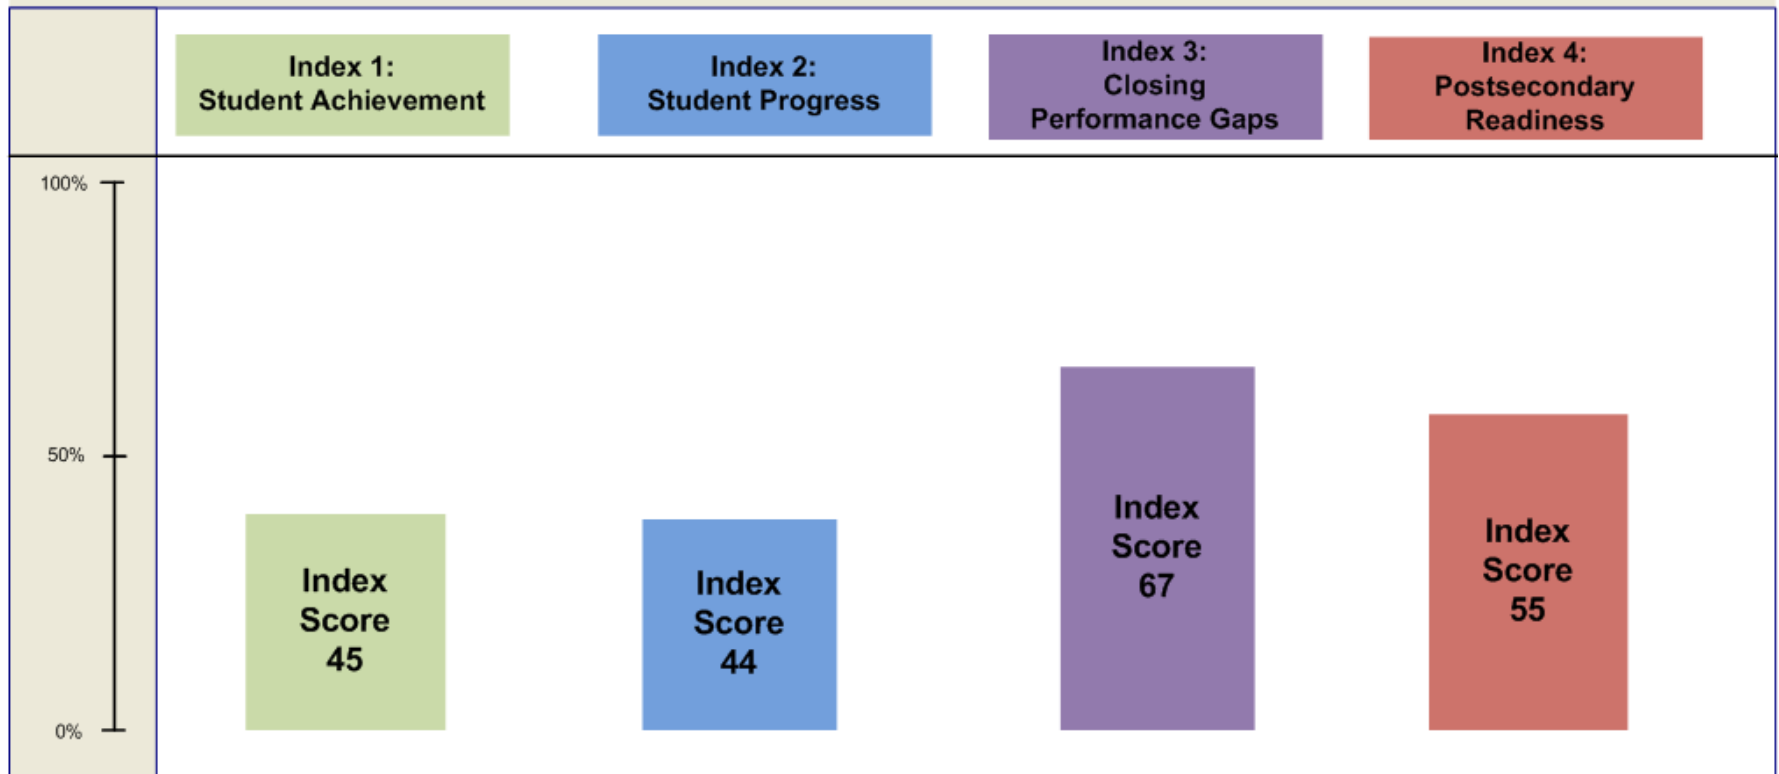

- Report performance by student group, performance level, subject, and grade;
- Implement interventions focused on specific areas of weak performance;
- Implement interventions based on minimum participation rate targets; and,
- Implement interventions for excessive use of STAAR Modified and STAAR Alternate.

Academic Achievement Distinctions in Reading/ELA and Mathematics

Campuses earn distinctions for outstanding academic achievement on indicators, such as SAT/ACT participation/performance, AP/IB participation/performance, Advanced (Level III) Performance on STAAR, Advanced/Dual Enrollment Course Completion, and Attendance Rates.

Overview of Performance Index Framework (Sample Campus)

Campus A Index Outcomes

Index 1: Student Achievement

Index 1 Student Achievement provides an overview of student performance based on satisfactory student achievement across all subjects for all students.

- **Subjects:** Combined over Reading, Mathematics, Writing, Science, and Social Studies.
- **Student Groups:** All Students only
- **Performance Standards:** Phase-in Level II (Satisfactory)

Index 1: Student Achievement

Index 1 Construction

Since Index 1 has only one indicator, the Total Index Points and Index Score are the same: Index Score = Total Index Points. Total Index Points is the percentage of assessments that met the Phase-in Level II Standard.

Each percent of students meeting the Phase-in Level II performance standard contributes one point to the index. Index scores range from 0 to 100 for all campuses and districts.

Example

	Reading		Mathematics		Writing		Science		Social Studies		Total	% Met Level II	
Students Met Phase-in Level II	50	+	38	+	19	+	10	+	19	=	136	45%	45
Students Tested	100	+	100	+	42	+	40	+	23	=	305		
Index Score													45

**We want
student
performance
as high as
possible!**

Index 2: Student Progress

Index 2: Student Progress focuses on actual student growth independent of overall achievement levels for each race/ethnicity student group, students with disabilities, and English language learners.

- By Subject Area: Reading, Mathematics, and Writing for available grades.
- Credit based on weighted performance:
 - One point credit given for each percentage of students at the Met growth expectations level.
 - Two point credit given for each percentage of students at the Exceeded growth expectations level.

Index 3: Closing Performance Gaps

Index 3: Closing Performance Gaps emphasizes advanced academic achievement of economically disadvantaged students and the two lowest performing race/ethnicity student groups.

- Credit based on weighted performance:
 - Phase-in Level II satisfactory performance (2013 and beyond)
One point for each percent of students at the phase-in Level II satisfactory performance standard.
 - Level III advanced performance (2014 and beyond)
Two points for each percent of students at the Level III advanced performance standard.
- The STAAR weighted performance rate calculation must be modified for 2013 because STAAR Level III advanced performance cannot be included in the indicator until 2014.

Index 3: Closing Performance Gaps

- By Subject Area: Reading, Mathematics, Writing, Science, and Social Studies.
- Student Groups
 - Socioeconomic: Economically Disadvantaged
 - Lowest Performing Race/Ethnicity: The two lowest performing race/ethnicity student groups on the campus or district (based on prior-year assessment results).

Index 4: Postsecondary Readiness

Index 4: Postsecondary Readiness emphasizes the importance for students to receive a high school diploma that provides them with the foundation necessary for success in college, the workforce, job training programs, or the military; and the role of elementary and middle schools in preparing students for high school.

STAAR Percent Met Final Level II on One or More Tests

- 2014 and beyond (college-readiness performance standards are not included in accountability in 2013)
- Combined over All Subjects: Reading, Writing, Mathematics, Science, and Social Studies

Index 4: Postsecondary Readiness

Index 4 Construction

- **Graduation Score:** Combined performance across the graduation and dropout rates for
 - Grade 9-12 Four-Year Graduation Rate for All Students and all student groups OR
 - Grade 9-12 Five-Year Graduation Rate for All Students and all student groups, whichever contributes the higher number of points to the index.
- RHSP/DAP Graduates for All Students and race/ethnicity student groups
- **STAAR Score:** STAAR Percent Met Final Level II on One or More Tests for All Students and race/ethnicity student groups (2014 and beyond)
- For high schools that do not have a graduation rate, the annual dropout rate and STAAR Final Level II performance contribute points to the index. For elementary and middle schools, only STAAR Final Level II performance contributes points to the index.

System Safeguards

Apply Safeguards to Specific Performance Indexes:

- Ensure reporting system disaggregates performance by student group, performance level, subject area, and grade;
- Performance rates are calculated from the assessment results used to calculate performance rates in the performance index (Index 1).
- Target for the disaggregated results meet federal requirements:
 - STAAR performance target corresponds to Index 1,
 - STAAR participation target as required by federal accountability,
 - Federal graduation rate targets and improvement calculations,
 - Federal limit on use of alternate assessments.
