May 2019 Board Report

Curriculum and Campus Updates

Pre-K's garden of "little bloomers" is in full bloom this final month in Pre-K...what a fantastic year we have had learning to be in school, meeting and making new friends, learning letters Aa-Zz and their sounds, too. Our "little bloomers" have learned to count to 30 or much higher, recognize numbers 0-10 in a flash and even numbers in the teens and greater. We are talking in complete sentences and telling so very much information about "things" and answering questions about books they've heard. Recognizing and writing their first and some their last name as well as their friends' names, too! This month we will continue to fill our "little bloomers" with information about shadows, reflections, and ocean life. We will be listening for words that begin or end with the sound of /v/, /w/, /x/, /z/ and brainstorming long list of words that begin with these sounds. Pre-K's bloomers will be producing rhyming words, blending sounds together like v-an –van or z-ip – zip, and reviewing many more skills introduced this year in Pre-K. As you can see, our Pre-K "little bloomers" are in full bloom as they reach the end of their first year in school. What a treat it has been to watch each of them "bloom" in their own time!
