

INSTRUCTION – ASSURANCE OF MASTERY

In accordance with M.S. 123.742, Sec. 11, Subd. 32, Independent School District No. 31 is dedicated to the assurance of student mastery in the areas of communication and mathematics. The district supports the need for each student (excluding special education students) to achieve minimal competency in these basic skills before high school graduation and provides the student with the opportunity to gain the necessary knowledge, concepts and appreciation in communications and mathematics. This policy assures that each student's progress toward mastery in these curriculum areas will be evaluated in grades 3, 5, 8 and 11. Independent School District No. 31 will also test life skills in grade 8 and 11.
