

RBE~Board Report

By: Clintanna Colliflower - Elementary Principal

Curriculum & Instruction– All teachers in grades 3-6th have started working towards prepping their students in for the smarter balance test. Grade 4 will do their CRT testing March 19 & 20. Teacher continue to practice the “I Do, We Do, You Do” instructional process. It is a school goal to have all teacher video tape a lesson. The lesson will be reviewed with the literacy coach and a grade level peer. Teacher continue to monitor data through istation. Istation goals are now set at the end of the school year goals, which highers the bar for students achievement.

Supervision & Evaluation– Currently conducting observations for evaluations. I hope to have all evaluations completed by March 25th. Grade level meetings are bi-weekly.

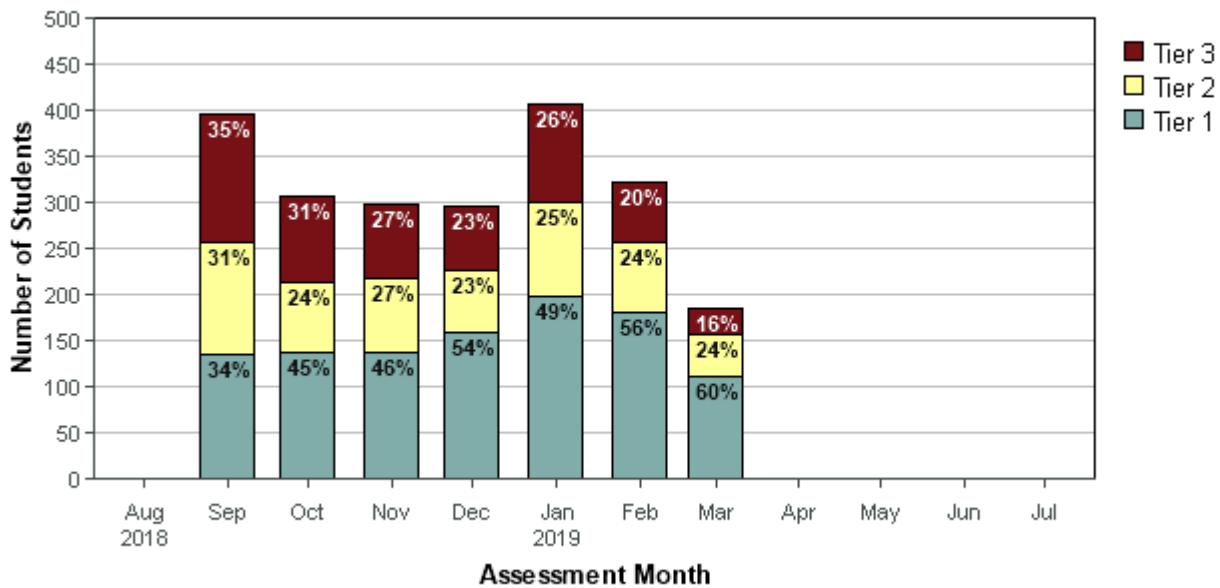

Culture & Language: Mr. Small continues to give us a morning message in the Cree language. Ms. St. Pierre was doing a Cree word of the day. Cul- ture committee will meet again to plan for another cultural activity.

Behavior Management: We have a five students on behavior plans. Two student broke their plans. One students never came back. One student brought alcohol and knives to school. I will follow-up with the superinten- dent and get his guidance on the situation.

Daily Management: We have been encouraging all teacher to call home re- garding students behavior, positive and negative. We are also encouraging teacher to do three classroom behavior interventions before they send stu- dents to the office.

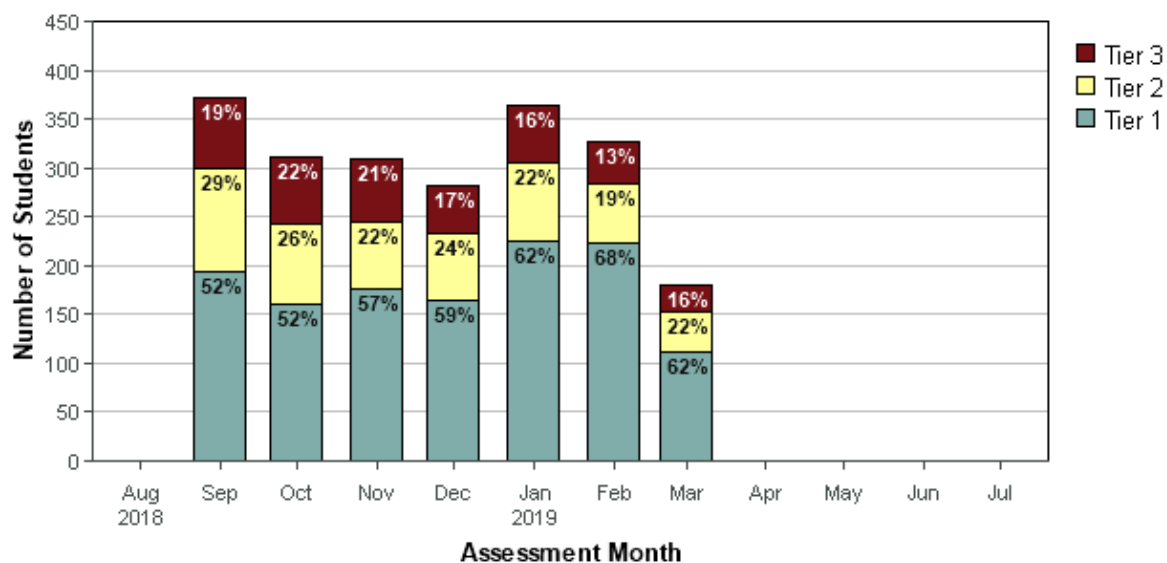

All Grades - Overall Reading

Rocky Boy Elementary reading and math data. Not all grade have tested yet for March and the grade level goals for the assessments are now at the end of the school year goals. K-8 is included in this data, 7th and 8th grade classes are not utilizing this assessment so it does skew our data some.
