

SCHOOL BOARD MEETING REPORT

Board Meeting Date: May Board Meeting **Superintendent:** Dave Valenzuela

Administrator/Staff: Danny Pratt

Type of Item: *Informational* *Action*

Please state your proposal briefly and clearly. What do you want the board to know, discuss, or decide?

This summer during leadership academy the students will be going to the Oregon Coast for a field trip. On the way to the Oregon Coast the buses go through California. This trip is something that the students enjoyed in pass years. While at the coast students are broken up into groups and visit tidepools, do a geocatching, and playing games on the coast. It is an experence that students will remember.

Provide history/background information on your proposal:

Even with the close proximity to the ocean many of the students have never seen the tidepools or enjoyed all the beach can provide. It is a classroom that students get to have hand on experence with. The staff is amazing setting up experences that students can enjoy. It really is one of the cooler things we do with the students.

List the advantages of your proposal:

Students get to learn outside of the classroom. The learning enviroment is different and some of our hands on learners will get more out of the lesson than a traditional lesson.

List possible disadvantages of your proposal:

The road to the coast is winding and can make me and others car sick.

List possible alternatives that could also offer a solution to your proposal. Why were they not recommended?

We could take them to a place in Grants Pass.

Superintendent's recommendation(s):

Approve: Yes No
