

Stephenville Independent School District
Stephenville, Texas
District Improvement Plan Highlight for 2023-2024

The following is a summary of the highlights of the District Improvement Plan for the 2023-2024 school year:

- ESSER III funding will be used to:
 - Provide summer school for all students;
 - Refresh current educational technology for students and staff;
 - Provide MTSS Behavior training and support to general education behavior teachers;
 - Provide Reading Academy stipends for teachers completing the training;
 - Provide additional MTSS/RtI teachers to address academic needs;
 - Provide MTSS Behavior teachers to address behavioral needs;
 - Hire an instructional assistant for Learning Lab support at HJH; and
 - Provide supplemental after school programs at Gilbert.
- Review and revise the Strategic Plan.
- Expand RBL Grant and Personalized Instruction Strategies throughout the district.
- Investigate ways to move employee records to a digital format.
- Implement Crisis Go to provide efficient communication with staff when needed.
- Purchase and install emergency egress gates, anti-scaling devices for fencing, forced entry resistant film for exterior doors and adjacent windows, and exterior door numbering to meet state safety requirements.
- Added Director of Communications position to increase strategic internal and external communications as well as district marketing.
