Re: Playground Update

I would like to bring to the Board an update on the playground projects at various elementary schools. The Maintenance and Grounds team has been working this spring and summer to remove items that have been deemed unsafe for use. Additionally, the District's Playground Committee has met regularly through the past school year, and will reconvene when school begins in September. I would like to take time on August 14 to explain what we have been doing and our plans moving forward at the buildings affected by playground equipment removal.

Please add this to the Committee of the Whole Meeting of Monday, August 14, 2017. Thank you.

PF/ko
