

Sharon Williams, Ed.D.  
*Superintendent of Schools*

To: RIMSD 41 Board of Education  
From: Dr. Sharon Williams  
Cabinet Champion: Joshua Becker, Director of Building Operations  
Date: November 25, 2025  
Re: Lakewood Electric & Generator Contract

The District is recommending that the Board of Education approve to extend the contract with Lakewood Electric and Generator to provide a full-time licensed electrician for the district starting December 1, 2025 through June 30, 2027. The technician will report directly to and be assigned work through our Director of Building Operations and team members. All labor rates, transportation, overhead, travel, insurance and all other related costs necessary to meet the work requirements are included in the following hourly rates listed below.

The continued relationship between Lakewood Electric and the Rock Island School District provides consistent, dependable electrical expertise that supports the safe and efficient operation of all district facilities. Lakewood Electric's familiarity with the District's buildings, systems, and operational needs allows them to respond quickly, troubleshoot effectively, and complete work with minimal disruption to students and staff. Their proven reliability, technical skill, and ability to handle both routine maintenance and urgent electrical issues make them a trusted partner in maintaining safe learning environments and ensuring that essential building systems remain functional and compliant. This ongoing partnership helps the District plan proactively, manage costs, and maintain continuity in the quality of service provided across all schools.
