

Superintendent Report January 2025

- Reminder- Work Session in February is on the 5th with the regular monthly Board meeting scheduled for Wednesday, February 19 at 6:00 pm in the 6-12 IMC.
- The basketball teams got to play Pepin/Alma at the Target Center in Minneapolis. It was a neat experience for all that attended.
- I want to acknowledge our adult school crossing guards as we celebrate Adult School Crossing Guard Week, January 20-24, 2025. These people do important work each and every day we have school. The crossing guards in Boyceville are employees of the Village of Boyceville. The school district does share in the costs of the crossing guards with the Village.
- We are currently working on the school calendar for 2025-2026. We will have a recommendation to the Board in February.
- Next teacher in-service day is scheduled for January 20.
- Referendum work continues. Our last meeting with CESA 10 was January 10 doing a budget review of current bids and completed projects.
