To whom it may concern,

I am pleased to have the opportunity to write this letter in support of Opportunity Culture being incorporated in the Osceola Public School District. As an organization whose mission is to restructure pre-K - 12 schools to extend the reach of excellent teachers, principals and their teams to more students, for more pay within the school budgets, I admire the desire that you all have to build all teachers to become leaders. My philosophy is that once you build strong teacher leaders, you inadvertently build student leaders. Osceola School District partnering with Opportunity Culture, will provide additional support to our teachers, and give them an opportunity to enhance their own professional development. As a member of the Opportunity Culture team on my campus, I am excited and look forward to continuing collaborating with Opportunity Culture in growing our educators, and students.

Sincerely,

Ebony T. Brown

Literacy Interventionist
