I would like to recognize all of the teachers and support staff at Brackett High School and Junior High for their contributions to a very successful 2007-2008 school year. I want to give all the credit to the Senior class sponsors for planning and organizing the graduation ceremonies. And I would also like to thank those listed above for staying up all night and helping with Project Graduation. We have summer school underway with 16 students in junior high and 15 high school students attending. We are already focusing on next year as we finish up the remaining tasks for the 2007-2008 school year.

I and all the members of the high school and junior high appreciate the time, effort, and wisdom that school board members give on our behalf. We recognize that without the great leadership from the school board and Mrs. Renken our direction of continued and greater success would not be possible.
