Click this link to see an example video and the acu logo that our students created. You will also see other designs from this year!

The Purple Dog Company launched the Graphic Design division in January this year. Our first major design opportunity was from ACU baseball. Our students created a logo that consisted of a Wildcat in catcher's gear. The logo will be printed for ACU's catchers on a t-shirt for next year's team.

We also hope to have started a new tradition for our sport's teams.

Coach McIntire came to The Purple Dog Company with an idea for individual promo videos for each player to increase social media presence for baseball recruiting.

We filmed each player on a green screen and created their videos. We are also working on social media graphics and logos in collaboration with the baseball team and Wylie HS Marketing.

One of our students, Griffin Kinnard, filmed and created the videos for the baseball team. We were able to contact Pink Goose Media and get Griffin an interview for an internship/job through his work on these projects. Griffin has taken Principles of A/V, Graphic Design, Advanced Graphic Design, Sports/Fashion Marketing, Entrepreneurship and is now a member of the Purple Dog Company.

Pink Goose Media is now a community partner with our Graphic Design Program.

We believe our students are being set up for success in the future with these opportunities and are grateful to our staff and administration for supporting all of our ideas.

CNA

We are in the final stages of having an agreement signed with Windcrest Health and Rehabilitation for our CNA program.
