

**DU PAGE ELEMENTARY SCHOOL DISTRICT 13**  
**BOARD OF EDUCATION**  
**Bloomington, Illinois**  
Regular Meeting    November 22, 2021

**FOR INFORMATION:**

**Subject:     Superintendent's Report**

MTSS Presentation

Tonight, Mrs. Samia Hefferan, the Director of Student Services, will share a brief presentation on Multi-Tiered Systems of Supports (MTSS). The District is transitioning to this system from using the Response to Intervention (RtI) for reasons she will share with you at the meeting. MTSS was also identified in the District's Strategic Plan as a pathway to achieve greater student success.

Meetings with Realtors

I met with Deborah Benn from Berkshire Hathaway on Monday and reviewed information on greatschools.org, showed her a graphic of key data from District 13, and asked for her thoughts on how the District can better help her agents. She indicated that she was not receiving any pushback from the public due to the low score attributed to equity at Erickson on greatschools.org. In fact, District 13 properties drive the market in the village. Ms. Benn suggested attaching the principal's names and school phone numbers on the graphic to connect potential buyers to the schools. Another suggestion was to create a video that can be accessed with a QR code on the graphic that could tell buyers more about the District. I have another meeting with realtors scheduled for Tuesday, November 30.

Return to Learn

During the meeting, I will brief the Board on the following topics:

- Discussion on mandate relief;
- Discussion on mitigation strategies;
- Testing Options;
- Guidance updates from other regulatory agencies.

I will also be happy to answer any questions you may have that I did not address.
