Date: June 9, 2025
To: County Board of Commissioners
From: Connie McQuarrie, Administrative Assistant
Re: Fiscal Year 2026 Draft Annual Implementation Plan

Enclosed is a draft copy of the Region 9 Area Agency on Aging proposed 2026 Annual Implementation Plan for aging services. Any updates along with the final document will be available on our website at: www.nemcsa.org/services/senior-services/aip.html

The plan includes state and federal requirements as well as advocacy and development objectives of the Region 9 Area Agency on Aging.

The Michigan ACLS Bureau requires the review of this plan by each County Board of Commissioners within the Region 9 planning and service area. Review and approval must be documented by either a resolution or by motion in your board minutes By July 31, 2025. Should there be opposition to the plan, it must be specified in writing by the same date. If no written documentation is received, it will be considered passive approval. Please email documentation to: mcquarriec@nemcsa.org

A public hearing on the plan was held and the plan was then reviewed and endorsed by the Northeast Michigan Regional Council on Aging and the NEMCSA Board of Directors. As you review this document, please feel comfortable to contact your local Council or Commission on Aging, your board representative, or any staff member of the Region 9 Area Agency on Aging for information or clarification.

It should be noted that the approval and implementation of this plan requires no monetary support by the Board of Commissioners. It is our pleasure to act on behalf of the older population of your county to bring both federal and state funds for services.

Thank you for your attention to this matter. We look forward to working with you to provide services to the elderly population in your county.
