Background Information:

In 2022, Team Focus was launched in response to teacher feedback during stay interviews that highlighted the value of peer collaboration. The team met monthly with an emphasis on employee engagement and retention. This year, two groups were established to continue the emphasis: **Team Focus**, which provides direct feedback to district leaders and **Wellness Champions**, who serve as liaisons to communicate wellness resources and activities. Participation includes 107 teachers on Team Focus and 59 staff members serving as Wellness Champions. Tonight, we would like to acknowledge and honor the contributions of these dedicated educators under the leadership of HR Managing Director, Dr. Jennifer Worth.
