Superintendent of Schools

From: Sheila Alles 

**Subject: Growing Green Community Garden**

Early this year, a partnership developed that included Madonna University, Schoolcraft College, the city of Livonia and Livonia Public Schools. One of the results of this partnership was the development of the Growing Green Community Teaching Garden at Greenmead in which many of our elementary students have been involved. I would like an opportunity to present a short video program on the Growing Green Community Teaching Garden during the Instruction Matters segment of the June 20, 2011 Board of Education Meeting. I appreciate your consideration of this request.
