RE: Grant of Easement
Tupelo High School
From the TPSD to The PUL Alliance

For your consideration and approval, I am submitting the Grant Easement from TPSD to The PUL Alliance granting both a temporary and permanent easement for a high pressure sanitary sewer line. The proposed line would run on the west side and parallel of the existing Tupelo Water and Light gravity fed sewer line.

Due to the location on the campus and the proximity to the existing line, there are no foreseen conflicts with this proposed sewer line and future expansions of the THS facilities.
