V.3. Consideration of Charter Contingency Digital Learning Plans

Presenter: Mary Claire Hyatt

Description: In response to the rising COVID-19 numbers across the State of Arkansas, the Division of Elementary and Secondary Education (DESE) is offered districts that did not submit a Digital Learning Plan (DLP) through the expedited process over the summer an additional opportunity to submit a DLP. Since it is not feasible to review the DLPs prior to the start of the 2021-2022 school year, DESE supported districts in requesting limited contingency Act 1240 waivers to allow districts a temporary virtual option while their DLP is being reviewed. These waivers are for physical attendance, clock hours for grades 9-12, and recess for elementary school for virtual students only. All contingency virtual learning must follow mandated class sizes, teaching load, and instructional time.

These school districts agreed to submit a full DLP to DESE by September 1, 2021. If a plan is not received by the deadline, waivers granted under this request will expire immediately. If a plan is received by the deadline, waivers granted under this request will stay in place until the DLP is reviewed by the State Board. If the State Board approves the DLP, the waivers requested in the DLP will replace waivers granted under this contingency request. If the State Board does not approve the DLP, the Board will decide what happens to the waivers granted under this request.

State board members asked clarifying questions. Ms. Woods moved, seconded by Dr. Rankin, not to review. The motion passed unanimously.
