**DISCUSSION ITEM:** Designation of VAI Architects as the Architect of Record for the “We Proudly Serve” Starbucks in the Frisco Campus Library

**DISCUSSION:** Inasmuch as Collin College is a public junior college authorized under chapter 130 of the Texas Education Code the college is required by Government Code Section 2254.004 to select an architectural firm on a basis of demonstrated competence and qualifications that provides best value to Collin College.

Recent solicitations for architectural services issued by the College have requested qualifications for large, multi-million dollar contracts. The project under consideration is a remodel/renovation type project with a much smaller impact and cost to the College.

VAI Architects is a local firm that has experience in the education sector having completed projects for the University of Texas at Dallas, Texas A&M University, University of Texas Southwestern Medical School, University of North Texas, Dallas Community College District, Dallas ISD and Houston ISD.
