

## Information Item C.4

### Performance-Based Monitoring Analysis System (PBMAS)

Performance-Based Monitoring Analysis System (PBMAS) is an automated data system that reports annually in these selected program areas:

- Bilingual education/English as a second language,
- Career and technical education,
- Special education,
- NCLB

Activities targeted to improve student performance and program effectiveness reflects an emphasis on data analysis, needs assessment, improvement planning, and progress reporting.
