I'm Dean Bork and I have the Everlasting Memories
Photography Studio in Wanamingo. I've done sports
photos for over 20 years and I've taken photos for many
schools around the area. Presently I'm taking sports
photos for Kasson-Mantorville, Randolph and KenyonWanamingo. If you need references I will give them to
you at your request. I've taken the sports photos at
Kenyon-Wanamingo since the two schools consolidated.
I take pride in my work and I strive to give the best
service possible.

I bring sample photos, for most sports, so the kids can look at different poses from their school and also from other schools that I take sport photos for, so they get an idea of what to do for their individual and buddy poses. I also help them by suggesting different ideas for their poses or help them with an idea they already have in mind. I also personally contact the coaches to line up a time to schedule the sport photos which is done as soon as each sport season starts.

As of last November I went to digital photography. The pictures turn out alot better. The pictures are clear and the colors are more true. I used film cameras for all of the previous years and I had good results with the pictures up until the last couple of years when the company I dealt with started scanning my negatives instead of printing directly from them. They did this because they were phasing out the film and they were going to the digital photography. When they scanned my negatives the photos didn't have as good of quality and the colors sometimes didn't turn out the way they should so that's why I switched to digital. Also in November I started doing business with a company that deals solely in sports photography. I used to offer 16 different items when I dealt with my previous company and now I offer over 50 items for the kids to choose

from. I still offer everything I had before plus now I have items such as Wheaties boxes, pennants with pictures on them, sports balls with their pictures on them, puzzles, ornaments etc. Check out my enclosed sports envelope to see everything I offer.

I give Free Team Plagues to all of the Varsity Team Head Coaches which have their team's accomplishments and any other information they want put on them. I also give a Free 8x10 or 5x7 team photo to the rest of the other head coaches and assistant coaches.

I supply all of the team photos that are needed for the trophies at no extra charge. I also email the yearbook a copy of each team photo that I take and I supply any other kind of photo that would be needed for the yearbook also at no extra charge. I also supply any team photo that is needed to be sent in for the State Tournament. Also at no extra charge I can take action photos at the middle school and high school games. I would have to find out exactly how many action shots would be needed for the yearbook and for whatever else they would be needed for. I would work closely with any person who needs any kind of photographs for the school.

I Guarantee Complete Satisfaction On All Of My Photography. I Will do Whatever It Takes To Make A Person Happy If They Have An Issue With Any Of My Photography! Also I would just like you to know that photography is my only job. This is not a hobby or a sideline job. This is how I try to make a living and get my bills paid. If you have any question or concerns please give me a call at 824-2473. My cell number is 507-259-2743.
