

**RESOLUTION OF THE BOARD OF TRUSTEES OF  
THE COPPELL INDEPENDENT SCHOOL DISTRICT  
REGARDING THE A-F ACCOUNTABILITY SYSTEM**

**WHEREAS**, the A–F Accountability System is a statewide rating system established by the Texas Legislature to provide information about the academic performance of Texas public schools; and

**WHEREAS**, the Texas Legislature, in Texas Education Code §39.054, has granted broad authority to the Commissioner (“the Commissioner”) of the Texas Education Agency (TEA) to “adopt rules to evaluate school district and campus performance and assign each district and campus an overall performance rating of A, B, C, D, or F”; and

**WHEREAS**, the current A-F accountability system was designed by the current Commissioner; and

**WHEREAS**, despite the lack of a requirement in the statute that the Commissioner change the accountability system on any particular schedule, the Commissioner has stated that the A-F accountability system should be revised every five years; and

**WHEREAS**, the Commissioner intends to impose, on a retroactive basis, a new accountability system for the 2022-23 school year which has still yet to be finalized; and

**WHEREAS**, the changes made by the Commissioner are intended to be applied to graduating classes who have already graduated from the Coppell Independent School District (“Coppell ISD” or “the District”); and

**WHEREAS**, the Commissioner intends to release ratings for the 2022-23 school year on September 28 using retroactive updates to the accountability system that would lower the rating of thousands of schools; and

**WHEREAS**, the Commissioner still has not finalized the rules and methodologies that will be used to evaluate schools for the 2022-2023 school year or the 2023-2024 school year; and

**WHEREAS**, in violation of state law, in the 2022-2023 school year, the Commissioner failed to provide school districts “a document in a simple, accessible format that explains the accountability performance measures, methods, and procedures that *will* be applied” for the 2022-2023 school year; and

**WHEREAS**, in violation of state law, in the 2023-2024 school year, the Commissioner has failed to provide school districts “a document in a simple, accessible format that explains the accountability performance measures, methods, and procedures that *will* be applied” for the 2023-2024 school year; and

**WHEREAS**, Coppell ISD uses the Community-Based Accountability System (CBAS) to engage and inform all stakeholders in the progress and growth around accountability on more than just one test on one day; and

**WHEREAS**, the CBAS system allows the Coppell ISD community to monitor and measure growth in pillar areas beyond the A-F system that cannot be tested (#canttestthat) giving a holistic view of accountability in all areas of the school district; and

**WHEREAS**, based on the retroactively-applied changes in the A-F accountability system, despite success in student achievement, the District expects some campuses could decline one or more letter grades; and

**WHEREAS**, the District believes the A-F Accountability System should be adjusted to raise standards, but only with appropriate advanced notice; and

**WHEREAS**, the purpose of the A-F Accountability System is to provide transparency and clarity for schools, parents, and the community at large about the performance of Texas public schools in relation to state expectations; and

**WHEREAS**, the failure of the Commissioner to comply with state law and provide an explanation of the measures, methods, and procedures to be used during the 2022-2023 school year prevented the District from appropriately adjusting its practices and allocation of resources in accordance with state expectations; and

**WHEREAS**, the retroactive application of new measures, methods, and procedures without the required advanced notice represents harm to the District and its community because it gives the appearance of declining school performance which impacts enrollment, property values, the application of potential sanctions by the Commissioner, and the effective use of resources; and

**WHEREAS**, several Texas school districts have filed a lawsuit seeking an injunction to prevent the Commissioner from issuing new ratings using the retroactively applied, yet-to-be-finalized, measures, methods, and procedures; and

**WHEREAS**, the District agrees with the arguments laid out in the lawsuit and believes the intention of the Commissioner to issue ratings using retroactively applied, yet-to-be-finalized measures, methods, and procedures to be in contravention of state policy regarding the A-F accountability system and in violation of the law;

**NOW, THEREFORE, BE IT RESOLVED**, that:

1. All the above-referenced paragraphs, findings, and recitals are incorporated into and made part of this resolution.
2. The Coppell ISD Board of Trustees (“Board”) authorizes the Superintendent to take the necessary steps to join the litigation challenging the Commissioner’s failure to provide Texas school districts advanced notice of the measures, methods, and procedures that are being applied as part of the A–F Accountability System for the 2022–2023 and 2023-2024 school years before the start of that school year, in violation of state law.
3. The Board urges the Commissioner to comply with state law and issue ratings for the 2022-2023 and 2023-2024 school years utilizing the existing measures, methods, and procedures of which school districts had notice in accordance with state law.

Adopted by the Board of Trustees of the Coppell Independent School District on the 12th day of September, 2023.
