

Sample ISD Resolution

WHEREAS, the _____ Independent School District Board of Trustees commits support and priority to the collective efforts of the Region VII area school districts and our work in pursuing legislative action for the sake of protecting school districts and students across the state of Texas;

WHEREAS, the _____ Independent School District trustees, in partnership with, and in service to, their state and local communities, represent committed champions of teaching and learning for success of schools and all students; and

WHEREAS, the _____ Independent School District trustees, are vital voices of their communities, advocating for the needs and interests of children and youth as they prepare for their future; and

WHEREAS, the communities of _____ have shown confidence and faith in their school trustees to make informed decisions that will provide excellence and success in education for their students;

NOW, THEREFORE, BE IT RESOLVED THAT the Board of Trustees of the _____ Independent School District joins in collective efforts with other area Region VII School Boards to have our voices heard in support for the following list of legislative priorities as laid out by the Region VII area school boards and districts:

- **A-F Accountability System**: We believe that the A-F accountability system does not provide a meaningful or accurate assessment of a student, campus or district performance. We believe that the social/economic environment of campus/district will have unintended consequence on the ratings. The bulk of the rankings will be based solely on a once a year STAAR/EOC assessment that has been proven to be defective, not statistically significant or reliable, and detrimental to students and the teaching profession.
- **Vouchers or Education Saving Grants**: We oppose a state voucher plan, tax credit, taxpayer savings grants, tuition reimbursements, or any program that diverts public tax dollars to private entities, homeschool students, or parents with little or no academic or financial accountability to the state, taxpayers, or local communities.
- **Funding**: We believe that the basic allotment should be raised creating additional funding for all districts in Texas. The increased allotment would not require additional revenue from the state, rather revenues generated by increased property values would be returned to local school districts.

BE IT FURTHER RESOLVED THAT the _____ Independent School Board of Trustees respectfully implores that the members of the 85th Texas Legislature exemplify that an investment in Texas Public School Children, in partnership with the _____ Independent School District and the Region VII area Districts, is of high priority and a future guarantee for our students.

PASSED & APPROVED on the _____ day of December, 2016
