

# Rocky Boy Schools: Monthly Coaching Report 2019-20

**Date:** November 2019

**Total hours of coaching:** 34 hrs.

## **Coaching Goals for the month of December 2019**

- Increase teacher participation in the coaching cycles.
- Increase Vocabulary Explicit Instruction 7-12

## **Evidence of changes in teaching practices/instruction:**

- Small % of 7-12 teachers that understand why students need Explicit instruction. With permission from the teacher I would like to video tape a vocabulary lesson to use as a coaching tool.
- Teachers that have been explicitly instructing and using academic vocabulary throughout the lesson have reported an increase in students using the vocabulary.

**Walkthrough hours:** 9 hrs. (5-6 minutes)

## **Walk-through data: Overall K-12**

Elementary:

- Continue to work with new teachers. Walk-through data over all is good, continue to monitor consistency in classroom management and engagement.

High School:

- Continue to observe-beginning of classes and explicit instruction.

## **Areas of improvement:**

High School:

- More re-teaching
- Teachers monitoring and checking for understanding when students are completing assignments in the classroom.
- Less teacher talks and more opportunities for students to respond to teachers' questions and classroom discussions.
- Giving positive feedback to students
- Pacing
- Addressing disruptive behaviors of other students.

Elementary:

- Increase engagement during templates and independent practice
- Ensure behavior plans are followed with fidelity
- Coaching new teachers

**Indian Ed. For All content coaching: Overall K-12**

- Explicit instruction- (identified as an instructional strategy for Indigenous Learners- *Education for Reconciliation*, Alberta Learning.)
- Use of graphic organizers-research indicates NA students do better gathering, collecting and organizing information from multiple text using graphic organizers. (*Education for Reconciliation*-Ontario & Saskatchewan Education)

**Total hours of coaching and walkthrough data**
