## Currently Working On

### **Teaching and Learning**

- **Explicit Instruction**
- Our explicit instruction leadership team recently met and set our next goal. Our goal between now and spring break is for each grade level teacher to record a 10 minute lesson and this time share it with a colleague. Each teacher will also fill out a reflection sheet on the lesson. We want to grow our comfort level with recording ourselves and we also want to encourage teacher reflection on their teaching.

### **Student Relevance Goal**

Redefining Ready – Cesa 9 is designing a template for our Redefining Ready report card based on the indicators and points of pride that I sent over to them. A draft of our elementary card is below:
