

Wellness & Prevention

The Wellness & Prevention has been busy with the Blackfeet Tribal Health collaboration for the community and student resources.

The High school clinic is up and running for the staff and students, the clinic takes walk-ins. Services that are provided is medical exams, Women's Health, Medication refills, labs and x-ray; a medical provider is available through telehealth. I was able to work with Tribal Behavioral health and get students set up through telehealth, so far that has been successful

The development assessment to track the wellness for school staff and students is complete I also have been meeting with the tribal prevention programs to set up their availability for the upcoming Wellness Day, the wellness day will be different from the previous wellness days.

I worked with the middle school on the threat that was made, I was able to have tribal behavioral health come in debrief with the students, Charlie and I debriefed with the staff.

I have done an insight class with High school and will be setting one up with the middle school.

Heidi and I have planned the Light on after school, purchased all incentives and scheduled the red ribbon week, we have been in communication with the tribal programs for the events.

Heidi and I have met with Kellen to organize the school activities and concessions for the sports session

The SAMSHA grant was not renewed. I will be looking for other grants

Upcoming events:

Any school dances

Sobriety Ball

All night New Years Eve
